Warminster • Wiltshire

Persimmon @ Jubilee Gardens Phase 2

Warminster is a small town with a big landscape around it. The location couldn't be better for the great outdoors – Salisbury Plain and the Cranborne Chase Area of Outstanding Natural Beauty are right on your doorstep.

Warminster has great local facilities, many in the historic buildings of the Market Place and High Street. It has a lovely character that will make you feel at home, a fantastic park with a lake near the centre for families to enjoy, independent shops and cafés to discover, and a choice of supermarkets for your weekly shop.

Easily within reach

Warminster makes the most of two excellent cross-country routes, the A36 and the A350. Both routes connect with the A303 to the southeast and south of the town. The A36 is the main road between Salisbury and Bath and the A350 joins the M4 just

above Chippenham to the north, as well as to Shaftesbury and Blandford Forum to the south. Trains to Westbury, for London Paddington, take just 8 minutes and to Salisbury, for London Waterloo, 20 minutes.

Warminster's famous neighbour is Longleat – both the Safari Park and Center Parcs in Longleat Forest are family favourites. Away from the crowds, explore Salisbury Plain for wide-open space and of course, Stonehenge, or the Cranborne Chase for beautiful countryside, pretty villages and country pubs.

With a great community, great countryside and great connections, you'll really enjoy making Warminster your hometown.

Energy efficiency built in

Sustainability

Our homes are typically 30% more efficient than traditional UK housing, helping you to save money and reduce your impact on the environment.

We're proud that we already build our homes to high levels of energy efficiency, but there's still a way to go. Our in-house sustainability team is dedicated to our mission to have net zero carbon homes in use by 2030, and for our own operations to be net zero carbon by 2040.

To achieve this, we're working to science-based carbon reduction targets in line with the Paris Agreement's 1.5°C warming pledge, investing in low-carbon solutions and technology that will further reduce the carbon footprints of our homes and our impact on the planet.

Energy efficiency built in:

- ✓ **PEA rating – B**
Our typical B rating makes our homes much more efficient than traditional D-rated homes.
- ✓ **Up to 400mm roof space insulation**
Warmer in winter, cooler in summer, reducing energy bills.
- ✓ **Argon gas filled double glazing**
Greater insulation and reduced heat loss.
- ✓ **Energy efficient lighting**
We use energy-saving LED lightbulbs in all our homes.
- ✓ **A-rated boilers**
Our condenser boilers far outperform non-condensing ones.
- ✓ **Local links**
We're located close to amenities and public transport to help reduce your travel footprint.
- ✓ **Lower-carbon bricks**
Our concrete bricks typically use 28% less carbon in manufacture than clay, giving total lifetime carbon savings of 2.4 tonnes of CO₂ per house built.
- ✓ **Hyperfast broadband**
FibreNest fibre-to-the-home connectivity helps you live and work at home more flexibly.
