Get moving

As soon as your home is ready you can move in! No need to wait for a buyer to move out or worrying about a disruption to the buying chain.

Own your home with shared ownership

Getting the keys to your first new home could be easier than you think with this popular government-backed scheme. If you've found the Persona home that is right for you, take the first steps to owning it with shared ownership.

This part-rent, part-buy scheme is an opportunity for first time buyers and those that do not currently own a home to get on the property ladder. It's an ideal stepping stone for aspiring homeowners who are unable to buy a home outright and would rather buy what they can afford, when they can afford it. You start off buying a share in your new home on a leasehold basis and as time goes on, you can buy more shares when you can afford it; this process is called staircasing. The more shares you have in your home, the less rent you will pay until eventually you own your home outright and no longer pay rent to us.

You qualify for shared ownership if:

- You don't currently own a home or have an interest in a home and can't afford to buy one outright
- You have at least a 5% mortgage deposit available for the percentage of the home you would like to buy
- Your combined household income is less than £80,000 or less than £90,000 in London
- You can afford the monthly mortgage, rent and service charge payments

Our guide to buying with shared ownership

With shared ownership you only buy between 25% and 75% of the value of your chosen home. You then pay a reduced rent on the remaining share of the home that you have not purchased.

Depending on your personal financial circumstances, your mortgage deposit could be as low as 5% of the value of the share that you purchase - a lot less than it would be if you were buying a home outright!

Step 1

Choose your property that qualifies for shared ownership

Step 2

Buy between 25% and 75% share of the property meaning less of a deposit up front

Step 3

Pay rent on the remaining share not owned by you
