# ELOWEN GARDEN VILLAGE

**1969**

THE YEAR WE  
STARTED MAKING  
DREAM HOMES A REALITY

**At Elowen Garden Village, we are not only able to offer you a stunning location, we are also dedicated to building quality new homes that stand the test of time.**

Visit one of our developments built 10 years ago and see how the community has developed along with the landscaping and house type designs. As one of the leading privately-owned house builders in the country, our success is based on strong traditions of quality, value for money and a genuine desire to build homes that give our customers years of pleasure.

A lot may have changed since the day our founder John Bloor built the first Bloor home in 1969, but one thing has remained the same, our dedication to providing beautifully crafted homes in fantastic locations, so you and your family can enjoy life to the fullest.

Our approach to the design of every new location we produce goes far beyond the provision of superior homes for today's varied lifestyle.

We make every effort to conserve the natural balance of each location including the conservation of wildlife and the preservation of natural features.

Care and consideration is also taken to ensure that the environmental impact of every new home we build is kept to a minimum.

Whichever home you choose, you will find that our homes with their high specification, provide not only maximum comfort, but also well planned living spaces.

Plus, reserve a Bloor home in the early stages of construction and you will have the freedom of choice to select from our range of finishes for your kitchen, bathroom and en suite facilities.

Once reserved, you will be able to take advantage of "Your Choice" which allows you to choose additional fixtures and fittings to personalise your new Bloor home, or upgrade to a higher specification.
