Connect with nature

The Aldwick Collection is the second of three phases of development at Wildbridge, Yapton, which will ultimately provide 158 well-designed and energy-efficient shared ownership homes, offering high quality living. Space has been maximised in every home to accommodate the varied demands of modern life and there are thoughtful finishing touches to the interiors throughout.

These homes have been awarded an Energy Performance Certificate rating of A. This is due to the superior insulation provided by double-glazed windows and the renewable energy generated from solar PV panels on the roofs of all houses. You'll also find a high number of electric vehicle charging points across the development.

Wildbridge's varied architecture has also been commended for bringing added character to Yapton village. While its location ensures homeowners can embrace an active, social and outdoor lifestyle. New play areas and open public green spaces – where biodiversity is carefully protected – offer great opportunities for neighbours to get together. Plus, you'll find a wealth of nearby places to relax, eat and drink.

Wildbridge is a new community you can really grow into.

From your initial enquiry, through to handing you the keys to your new home, our friendly and knowledgeable team are available both in person and online, to answer your questions and help you find the home buying option that's right for you.

Shared ownership

Shared ownership is a scheme which has been specifically designed to help those who are unable to afford the cost of buying a property outright on the open market.

It works by enabling you to purchase a share in your new home, and pay a subsidised rent on the part you don't own to Hyde New Homes.

You will own an equity share in your new home. A lease is a legal document between the freeholder or landlord and the purchaser and is binding on both sides and since you will own a lease you will be a 'leaseholder'. The lease covers the responsibilities including maintenance, rent settings, purchasing more equity, selling and insurance. You will have these responsibilities as a full owner occupier.
