## THE HAMILTON

The Hamilton is a beautiful, high-specification refurbishment of a 19th century building.

The development consists of 11 apartments (one & two bed) and three villas (3 & 4 bed). Residents will own their very own piece of history, in the heart of Cardiff city.

These homes are located on the stunning, tree-lined Cathedral Road, and within close proximity of the trendy local community of Pontcanna.

Pontcanna offers balance to the city living experience.

The area is full of beautiful, open outdoor space and independent boutiques, bistros and bars. Residents and visitors are free to cultivate their own experience. The options are endless.

# Elegant & Stylish

11 spacious apartments with incorporated Victorian features, and three intelligently designed modern villas.

Throughout the refurbishment, the intentions of the 19th century architect were considered and respected.

At the time of the original build, architectural styles were shifting, moving away from Georgian and into Victorian. Adopting more Gothic influences.

The Hamilton's central building is beautifully balanced, but no detail is the same. During this time, architects avoided symmetry when designing. They wanted their buildings to look as if they'd developed over time.

We've honoured this desire. No home in this development is exactly the same – each has its own story.
