mi story

established in 2016, mi homes was formed by founding director nicholas kyriacou, who set out to make a change in an industry which deserves it. with a property background, him, like you, have had difficult experiences with estate agents, and he knew there was a better way.

so, in many ways, mi homes was born out of frustration, which has quickly developed into a great pleasure, to serve clients in a way that they warrant to be, after all, what is more important than ensuring you are in the right hands when selling what is most likely to be your most expensive asset?

our ethos is to simply be different. we aim to make a mark on an industry we deem as broken. these aren't simply words. we operate differently, charge differently and perform differently.

now you have heard our story, let us help you create yours.
