**TOWN & COUNTRY PLANNING ACT 1990**

**GRANT OF PLANNING PERMISSION**

**PROPOSAL:** Detached two storey house with rooms in the roof space, integral garage and swimming pool following demolition of existing house  
**APPLICANT:** Mrs Lorraine Bayliss  
**LOCATION:** 26 Westcar Lane Hersham Walton-on-Thames KT12 5ES

The decision of Elmbridge Borough Council on the application registered as valid by the Council on 27/04/2016 and described above is to GRANT PERMISSION subject to the conditions (if any) set out below:

Conditions/Reasons

- 1 **TIME LIMIT (FULL APPLICATION)**  
The development hereby permitted shall be begun before the expiration of three years from the date of this permission.  
Reason: To comply with Section 51 of Part 4 of the Planning and Compulsory Purchase Act 2004.
- 2 **LIST OF APPROVED PLANS**  
The development hereby permitted shall be carried out in strict accordance with the following list of approved plans: 1508-P - 100, 110, 200, 201, 202, 203, 300, 400 and 401 received on 22 March 2016, and S2778-101-GL-02 R2 received on 01 August 2016.  
Reason: To ensure that the development is carried out in a satisfactory manner.
- 3 **MATERIALS - APPROVED**  
The building(s) shall not be erected other than in the following materials X or such other materials as have been approved in writing by the Borough Council.  
Reason: To ensure that a satisfactory external appearance is achieved of the development in accordance with Policy DM2 of the Elmbridge Development Management Plan 2015.
- 4 **LANDSCAPING - IMPLEMENTATION**  
**All hard and soft landscaping works shall be carried out in accordance with the approved drawing numbered s2778-101-gl-02 r2 received on 01 august 2016. Arboricultural work to existing trees shall be carried out prior to the commencement of any other development, otherwise all remaining landscaping work and new planting shall be carried out prior to the occupation of any part of the development or in accordance to the timetable agreed with the Borough Council. Any trees or plants, which within a period of five years of the commencement of any works in pursuance of the development die, are removed, or become seriously damaged or diseased, shall be replaced as soon as practicable with others of similar size and species, following consultation with the Borough Council, unless the Borough Council gives written consent to any variation.**  
Reason: To preserve and enhance the visual amenities of the locality in accordance with Policy DM6 of the Elmbridge Development Management Plan 2015.

**APPROVAL**

Application No: **2016/0982**

Type: Full Application

5 **ADDITIONAL WINDOWS**

The development hereby permitted shall have no windows or other openings (other than those shown on the approved plans) inserted into any elevation unless planning permission has first been granted by the Borough Council.

Reason: To preserve the reasonable privacy of neighbouring residents in accordance with Policy DM2 of the Elmbridge Development Management Plan 2015 and the Elmbridge Design and Character SPD 2012.

6 **FLAT ROOF - NO OTHER USE**

The flat roofs to the single storey extensions as shown on the approved plans hereby permitted shall not at any time be altered or adapted to form a balcony, roof garden or similar amenity area without the grant of a further specific permission from the Borough Council.

Reason: To prevent undue loss of privacy to adjacent properties contrary to Policy DM2 of the Elmbridge Development Management Plan 2015 and the Elmbridge Design and Character SPD 2012.

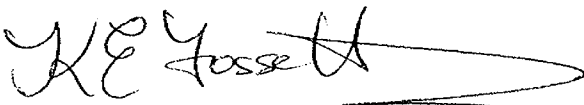

Informative(s): (if applicable)

1 **COMMUNITY INFRASTRUCTURE LEVY**

The development permitted is subject to a Community Infrastructure Levy (CIL) liability for which a Liability Notice will be issued as soon as practical after the day on which planning permission first permits development.

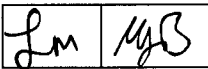

To avoid breaching the CIL regulations and the potential financial penalties involved, it is essential a prior commencement notice be submitted. A blank commencement notice can be downloaded from [http://www.planningportal.gov.uk/uploads/1app/forms/form\\_6\\_commencement\\_notice.pdf](http://www.planningportal.gov.uk/uploads/1app/forms/form_6_commencement_notice.pdf).

For the avoidance of doubt commencement of demolition of existing structure(s) covering any part of the footprint of the proposed structure(s) would be considered as commencement for the purpose of the CIL regulations.

for **STRATEGIC DIRECTOR**

(The Officer appointed for this purpose)

Date: 11 August 2016

**N.B. THE ATTENTION OF THE APPLICANT AND AGENT IS DRAWN TO THE FOLLOWING INFORMATIVES WHICH PROVIDE IMPORTANT INFORMATION.**

**STANDARD INFORMATIVES – GUIDANCE FOR APPLICANTS**

**1 APPEALS**

If an applicant is aggrieved by the decision of the Local Planning Authority to grant permission or approval subject to conditions, an appeal may be made to the Secretary of State in accordance with Section 78 of the Town and Country Planning Act, 1990. This must be done within six months of the date of the decision notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate Registry/Scanning, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN, Tel: 0303 444 5000. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this

## APPROVAL

Application No: 2016/0982

Type: Full Application

power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been so granted otherwise than subject to the conditions imposed by the Local Planning Authority, having regard to Section 79 of the Town & Country Planning Act, 1990, the provisions of the Development Order, and to any directions given under the Order. He does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him.

## 2 COMPLIANCE WITH CONDITIONS

Attention is drawn to the conditions that have been attached to the planning permission together with the reason for their imposition. Particular attention is drawn to those conditions that require the submission of further information to the Local Planning Authority and its approval of such further information before building works commence. You should be aware that under the amendment to the Fee Regulations in 2008 (Amended Nov 12) this approval, or other confirmation of compliance with conditions, attracts an additional fee of £28 for conditions placed on application for householder planning permission and £97 for conditions on all others. Such submissions **must** be made on the appropriate National Application form which is available to download from the Council's website [www.elmbridge.gov.uk/planning](http://www.elmbridge.gov.uk/planning). Additional information can be viewed in the Planning-related Fees Circular on the Government website [www.communities.gov.uk](http://www.communities.gov.uk). In the case of a reserved matters approval you must also take account of the conditions imposed on the outline permission.

The above decision makes reference to the saved Replacement Elmbridge Borough Local Plan policies. Should you wish to read the wording and content of any of these policies, the information can be accessed at the Town Planning Reception at the Civic Centre, Civic Centre, High Street, Esher, Surrey. KT10 9SD or on the Planning Portal Website at the following address [www.planningportal.gov.uk](http://www.planningportal.gov.uk)

## 3 VARIATIONS IN APPROVED PLANS

The Local Planning Authority's decision relates strictly to the development described in the application and shown on the approved drawings as listed in the conditions above. This decision is based on the reasonable assumption that those details are correct and indicate accurately not only the size and appearance of the works and/or buildings (if relevant) but also their siting in relation to the boundaries of the land, and to any other features shown on the drawings such as existing trees and neighbouring buildings.

You are strongly advised to make a careful check of the approved drawings before proceeding with any works to ensure that all the details are correctly shown. Any discrepancies should be notified at once to the Town Planning Division (01372 474474). In addition, should you wish to vary the development in any way you should send revised drawings to the Town Planning Division and await a written response before starting work since this may require a fresh planning application. Only in this way is it possible to avoid a situation in which unlawful work takes place, leading to the possibility of enforcement action by the Council.

## 4 BUILDING REGULATION APPROVAL

If the proposal, as detailed in the Decision Notice, involves the erection of a new building, or the extension or material alteration of an existing building or the putting of an existing building to a different use then the BUILDING REGULATIONS 2000 (as amended) will apply, and an application will be required. If you are unsure of the requirements of the Regulations and require any advice, you are strongly recommended to contact the Building Control Division.

## 5 ACCESS AND EGRESS FOR THE DISABLED

Your attention is drawn to the Chronically Sick and Disabled Persons Acts, 1970 and 1976 together with the Disability and Discrimination Act of 1995 and the Code of Practice for Access for the Disabled to Buildings (British Standard 8300:2004) regarding the provision of means of access, parking facilities and sanitary conveniences for the needs of persons visiting, using or employed at the buildings or premises who are disabled and to The Building Regulations, Part M - Access and Facilities for Disabled People. For further assistance; Tel: 01372 474779.

## **APPROVAL**

Application No: **2016/0982**

Type: Full Application

### **6 ACCESS BY THE FIRE BRIGADE**

Notice of the provisions of Section 20 of the Surrey County Council Act 1985 is hereby endorsed on this planning permission. Copies of the Section may be obtained from the Council Offices or from County Hall. Section 20 of this Act requires that when a building is erected or extended proper provision must be made for the Fire Brigade to have means of access to the building or to any neighbouring buildings. There are also requirements relating to access and facilities for the fire service contained in Part B of the Building Regulations 2000 (as amended).

### **7 CLIMATE NEUTRAL DEVELOPMENT**

The Council is keen to encourage sustainable development and would strongly commend attention to the following measures (as appropriate to the scale of the development) in addition to the mandatory requirements of the Building Regulations:

#### Transport

- New development should include facilities to support the use of low or zero carbon fuelled vehicles, such as the charging of electric vehicles from green electricity sources and the provision of bicycle storage

#### Site Layout and Building Design (see also BREEAM and EcoHomes Standards)

- The development should maximise the potential for passive solar gain
- Landform and landscaping should be used to optimise the benefits of shelter (such as shading of car parks and summer shade generally) but avoid overshadowing of buildings
- Buildings should be specified to maximise the capture and use of passive solar energy, whilst avoiding excessive solar gain in summer
- Buildings should be specified to optimise thermal comfort in summer without needing air conditioning through techniques such as window design and location, shutters and sun screens

#### Energy Reduction

- Buildings should be specified to be less dependent on grid distributed energy and fossil carbon fuels
- A greater proportion of the energy requirements of new development should be from renewable sources (minimum 10%) or from on-site sustainable generation
- Schemes should use combined heat and power or similar technology (mandatory on developments in excess of 5000 sqm floorspace)

#### Waste Recycling

- The development should provide adequate space for storing and servicing recycling collection bins
- The development should maximize the potential for home composting facilities

#### Sustainable Drainage to Cope with Increased Rainfall

- New development should include sustainable drainage systems (SUDS) for the disposal of surface water
- Opportunities should be taken to develop SUDS that provide multi-use benefits such as public amenity and wildlife improvements, and are combined with water conservation measures

#### Water Conservation/Recycling

- Developments should include measures to reduce water consumption and provide facilities for rainwater collection and recycling of grey water
- There should be an integrated approach linking water demand and rainwater disposal

#### Building Materials

- Developments should include a greater proportion of building materials from renewable sources
- Re-use of building materials should occur where opportunities arise
- Demolition of buildings should be preceded by a method statement identifying opportunities for the re-use of materials and the sustainable disposal of those not re-used

## **8 CONTROL OF POLLUTION AND NOISE DURING CONSTRUCTION**

The Environmental Health team would offer the following advice to control noise and pollution during the construction phase where sensitive premises are nearby:

- (a) Work which is audible beyond the site boundary should only be carried out between the following hours:  
Monday to Friday 08:00 hrs to 18:00 hrs  
Saturday 08:00 hrs to 13:00 hrs  
and not at all on Sundays or Bank Holidays.
- (b) The quietest available items of plant and machinery should be used on site. Where permanently sited equipment such as generators are necessary, they should be enclosed to reduce noise levels.
- (c) Deliveries and collections should only be received within the hours detailed above.
- (d) Adequate steps should be taken to prevent dust causing nuisance beyond the site boundary. These could include the use of hoses to damp down stockpiles of materials which are likely to generate airborne dust, to damp down during stone/slab cutting; and the use of bowsers and wheel washes.
- (e) There should be no burning on site that causes nuisance to local residents.
- (f) Only minimal security lighting shall be used outside the hours stated above.

Further advice is available on our website [www.elmbridge.gov.uk/pollution](http://www.elmbridge.gov.uk/pollution)

## **9 BUILDING MATERIALS, MACHINERY & CONTRACTORS' VEHICLES**

The Council is keen to ensure that developments do not cause obstruction or block visibility on the highway. As such, it is advised that building materials and machinery shall not be stored on the highway and contractors' vehicles shall be parked with care so as not to cause an obstruction or block visibility on the highway.

## **10 SITE SECURITY**

In furtherance of its responsibilities under Section 17 of the 1998 Crime and Disorder Act, the Borough Council will expect measures to be taken to ensure that your construction site is safe and secure and deters crime at all times. Further details and advice can be obtained from Surrey Police Crime Prevention Design Advisor (Tel: 101 or 01483 571212).

## **11 SITE NOTICES**

In the interests of protecting the character of the environment, you are requested to remove any Planning Notice that may have been posted outside your site.

## **12 POSITIVE AND PROACTIVE ENGAGEMENT**

The Council confirms that in assessing this application it has worked with the applicant in a positive and proactive way, in line with the requirements of paragraph 186-187 of the National Planning Policy Framework 2012.
