Location

A location that really needs no introduction, Old Street and Shoreditch have social and retail amenities for every occasion.

Old Street roundabout's redevelopment will provide the area with a more pedestrian-friendly and cycle-friendly route through Old Street.

In removing the roundabout and returning the traffic to a two-way system, pedestrian crossings will be improved with the addition of segregated cycle lanes. A new public space to be built around a new station entrance will make it easier to walk into and around the station and change between trains and buses.
