Description

The building offers column free floors, each with lift access, exposed concrete walls and ceiling details, solid oak bris soleil to help shield sunlight and heat and other environmentally friendly technologies to create fantastic workspaces.

The award winning architects have created bright, contemporary and characterful spaces. The column free floor plates make the design of the workspaces as flexible as possible to ensure spacious and comfortable working environments throughout. Environmentally friendly and sustainable technologies are utilised to make the internal spaces naturally air-cooled and ventilated. Underfloor air conditioning maximises the use of fresh air and improves tenant space plan flexibility. A large part of the roof is also planted with species listed by the Environment Agency as being of high ecological value.
