Description

The Workshop is the final remaining space at Fortess Works and is available to a single occupier. With all Studio floors now fully let, this is the last opportunity to secure space within the building. The accommodation is currently offered unfitted, allowing an incoming tenant to configure the space to suit their needs, with the option for a landlord-delivered fit-out available, subject to terms. The Workshop provides a practical and adaptable layout, good natural light and a distinctive industrial character, with access to a shared external front courtyard for occupiers.
