

ARTESIAN

9 Prescott Street
London E1

Overview

Here & Now

Sensitively refurbished to retain many of the building's 1930s Art Deco features. Artesian offers up to 46,037 Sq Ft of premium office space, arranged over five floors.

Flexible spaces provide the perfect canvas to work the way you want and more importantly, flourish.

Overview

Beyond the façade

The building has been restored and enhanced to provide the perfect contemporary workspace to suit occupiers needs.

Flooded with natural light, the floors are supported by intelligent building systems to promote sustainability and encourage productivity.

Social Hub

Get together

Users are greeted by a new double height social hub at ground floor level. Situated at the heart of the development it features the reception, café and social amenity spaces.

Feature staircase between
Ground and Lower Ground floors

ESG Credentials

Green machine

Artesian's green credentials are front and centre.

The building features a low carbon footprint thanks to retaining up to 90% of the building's existing structure. Whilst, mature and varied planting at roof level creates a bio-diverse environment.

Internally it's an all-electric building with an annual operational energy output below the RIBA New Build 2025 targets, all supported by intelligent building systems to promote sustainability.

And that's just the start...

EPC A &
BREEAM 'Excellent'

Target annual operational energy:
93 kwh/m² (below RIBA 2025
target for new builds)

WiredScore 'Platinum'

All-electric building

Bi-polar ionisation filtration
(eliminates 99.8% Covid particles)

190m² green roof

Active CO₂ control - variable air volume
fresh air system with elevated fresh air
rates in line with BCO COVID best practice
2021: 14L/s/person (at 1 person per 8 sq m)

120m² photovoltaics

Two-stage filtration on AHU's

Hybrid VRF air conditioning
(reduced refrigerant volumes)

Water treatment -
UV & particulate filtration

New high-performance glazing

Retention of up to 90% of the
existing structure of the building

Integrated communications
network (ICN), smart metering
& energy monitoring system

Roof Terrace

The sky's the limit

An extensive communal roof terrace and pavilion offers 3,356 sq ft of space with panoramic views across London – perfect for recharging or collaborating.

Up to 4,100mm

Raised floor

100mm typically for all floors (slab/screed level to top of floor finishes).

EXTERNAL FINISHES

Façade

- Original ornate Art Deco feature brickwork and fluted bronze spandrel panels.
- New bronze PPC high performance double glazed aluminium framed windows with opening vents.
- Ground Floor facade (chamber Street) - dark grey PPC curtain walling with extensive glazing and transparency.
- Bronze metal building signage with integrated lighting.

Gable Façades

- Existing light tone rendered masonry.
- New white PPC high performance double glazed aluminium framed windows with opening vents.

Roof

- New warm roof covering with areas of sedum/extensive green roof covering outside of plant enclosures.
- Dark grey acoustic plant enclosure screening with elephant grillage access walkways.

Terrace

- New warm roof covering with raised composite decking terrace, with additional astro turf activity area.
- Covered canopy terrace zone with adjustable timber slatted screening, feature slatted timber wall cladding and integrated roof bar/servey.

Principal Entrances

- New fully-glazed doors within polyester powder coated curtain walling.

INTERNAL FINISHES

Office Floors

- Floorplate: Designed to Cat A.
- Walls: Emulsion painted, plastered and dry lined walls
- Columns: Emulsion painted plastered columns.
- Floor: 600mm x 600mm fixed access flooring (Cat A).
- Ceilings: Existing exposed soffits painted dark grey.

RECEPTION

Walls

- Feature natural clay finish to entry lobby. Combination of white painted plasterboard, feature white stained timber wall panelling and translucent glass plank partitions to reception areas.

Lifts

- Glazed ceramic tile to lift core walls with brass PPC finish to lift doors/feature reveals and overpanels.

Ceilings

- Raised painted plasterboard soffit over desk/cafe/feature stair with track task lighting to desk and feature cascade pendant to stair.
- Light grey acoustic felt batten soffits to reception perimeter areas with feature pendant lighting and recessed strip lighting detail.

Floors

- Polished concrete surface with integrated brass strip detailing to main space, with oak engineered flooring to social/set down spaces
- Terrazzo tiling to central desk and feature stair areas.

SHOWERS & CHANGING

Lower Ground

- Unisex shower/changing facilities with 15 showers at Lower Ground and a fully accessible wet room shower at Ground Floor.
- Shower cubicles with benches, communal vanity stations and secure lockers to support 163 cycle spaces.
