

MONTPELIER WALK

KNIGHTSBRIDGE SW7

Set back behind a large front garden this beautiful period house has been fastidiously rebuilt by the existing owner to the most exacting standards. The 'brief' when designing the house was for open plan living and maximising the light throughout and this is reflected on both the ground and lower ground floors which are completely open from front to back with no partition walls.

The 3 main bedrooms are on the first and second floors and there is a 4th bedroom on the lower ground floor with its own private entrance which lends itself perfectly for staff.

Situated just off the south east corner of Montpelier Square in the heart of Knightsbridge village, the house is well located in between the Brompton Road and Hyde Park, with excellent restaurants and shopping facilities just moments away.
