Woolston Green is a brand new development of just 9 open market homes being brought to you by Bulwark Homes. The site has a focus on high quality homes built to excellent thermal values and with air source heat pumps, solar PV and EV charging points, they will offer reduced running costs and comfortable modern living in a traditional village setting. The kitchens and bathrooms are of a very good quality with integrated appliances. It's the belief of the developer that a new home should be ready to move into so all homes will have flooring laid and gardens landscaped as standard. Each home will have a 10 year structural warranty provided by ICW to give peace of mind to first owners. Anticipated Completion winter 23/24.
