DEBEN FARM RURAL DEVELOPMENT SCHEME

Deben Farm is a beautifully situated rural development project set in open country towards the southern end of the Vale of Belvoir between the established rural village settlements of Scalford and Long Clawson, conveniently served by the market town amenities of Melton Mowbray offering relatively direct and convenient access to Nottingham, Leicester, Loughborough, and Grantham.

Scheme architects Swain Architecture (www.swainarchitecture.com) in association with IBA Planning secured consent for this unique five-unit development project, comprising an interesting blend of architecture and scale, reflecting cutting edge 21st Century design, which together with the use of contemporary and vernacular materials, promises to create one of the most desirable small rural development enclaves to come to the market in recent times.
