Description

Hidden within the heart of King's Cross, through a discreet archway, Regent's Wharf is a destination in itself. Forged in a rich industrial heritage, a ground-breaking new campus has been created with the next generation of innovators in mind.

Victorian mills and warehouses connect with a stunning new building to create an interlinked campus surrounding a central courtyard, topped by terraces and fringed by a beautiful private garden.

Workspace varies from the characterful office spaces in The Mill and The Packing House, to beautifully refurbished canalside warehouse accommodation in The Canal Building and meticulously designed contemporary space in Thorley Works.

Description

This is a dream opportunity for a business to inhabit a ready-made, flexible campus, or to be part of a wider, self-sustaining community by occupying a single building or individual floors.

All buildings benefit from private terraces and balconies – some with City views and others overlooking the canal as well as courtyard balconies.
