  - gated residence
  - landscaped gardens
  - off street parking for numerous cars
  - 4445 sq ft of luxury living space
  - underfloor heating
  - four en-suites in addition to family bathroom
-

## *description*

the exceptional contemporary home has been converted from a former coachwork and is situated within the grounds of the stunning theobalds estate.

offering five bedrooms, four of them en-suite, the luxury of the build has to be seen to be believed. the style of the 4450 sq ft is exquisite, not only in terms of aesthetics but also in attention to detail and sheer 'wow' factor, finished with high spec equipment, including miele appliances, underfloor heating and skylights throughout the home, which flood the property with plenty of natural light.

built within a gated courtyard and landscaped gardens, the accommodation is highly flexible, all being on one floor. vast glass windows with bi-folding doors to the outdoors flood this home with light - bringing a fabulous sense of space to the open plan living areas.

this high-quality home marries old with new, bringing together modern elements to the original features which include the brick plinth, black featheredge boarding and simple large punctured openings to create a development that is consistent with the rural setting.

the home boasts further benefits, such as a double garage, an expansive driveway which offers plenty of space for parking, and a beautifully styled and landscaped garden which can be viewed and accessed from the main living area and offers utmost privacy. there has been no stone left unturned when it comes to creating a home with character, finesse, comfort and modern conveniences.
