

## Capel Peniel ownership

Capel Peniel is not just a building.

Capel Peniel represents the beginning of the Methodist movement in the area and its historical importance it's justified with a record entry at The Royal Commission on the Ancient and Historical Monuments of Wales.

It embodies the efforts of a community getting together to produce a solid beautiful building using the best quality blue pennant stone, the best skills, the best slate and the best workmanship in order to achieve a "Home" dedicated to hold the life core of this community.

Capel Peniel is no longer a chapel.

It's now a home, a beautiful home with history and invaluable memories.

Owning Capel Peniel was a privilege.

It's a very special place, we cherish it and we will miss it dearly.

We wish that the new owners can enjoy the same special feeling that we have had while living in this most amazing home.

Angela and Jeremy
