Crabtree Avenue is a popular cul-de-sac positioned in a convenient yet quiet Disley location, situated at the top of a sought after residential estate giving the most magnificent panoramic views to the front aspect.

This modern, detached dormer bungalow is a particularly superb example, enjoying one of the larger corner plots with great width, which allows for the highly favourable layout and generously extended living space. The condition and presentation of the property are to a very high standard throughout, enjoying a modern décor which benefits great natural light flow. The accommodation begins with a useful entrance porch, offering space for coats and shoes, which opens into the inviting entrance hallway where the ground floor rooms can be accessed. To the left you will find the wonderfully large sitting room with dual aspect, having a large picture window to the front and sliding patio doors into the rear garden, along with a gas wood burning stove as a focal point, there is then another versatile reception room, currently utilised as a study/bedroom and then a modern ground floor shower room/WC. The property boasts the most beautifully finished fitted kitchen with a host of integrated appliances and high quality fixtures and fittings, which in turn opens out into the open plan living/dining space, which again has the most impressive far-reaching views. From the Kitchen, you can access the side/rear entrance hall, the converted utility room which previously formed the rear end of the garage and is fully kitted out with a range of units and ample space for white goods, and having access to the useful half garage/storage area. The generous first floor and landing reveals two double bedrooms, which both enjoy the breath-taking views of Disley, the countryside beyond, and then even further panoramic views towards Manchester. Both bedrooms have the added benefit of modern built in storage, with the wardrobe of the principal bedroom having a 'walk in' style wardrobe/storage room to the eaves. The first floor bedrooms are serviced by the main shower room, which has been upgraded profusely and to 'show home' standards.

The corner plot position of the property allows it to enjoy gardens to three side. The front, side and rear gardens are beautifully mature, enjoying a rather exotic selection of trees, plants and shrubs throughout. The front has well tended gardens to either side of the pathway/steps leading to the front porch. A pathway leads across the front and to the side of the property, where there is a lawned garden which is enclosed with hedges to the boundary. The driveway of the property is to the side and allows parking for two vehicles, but it is worth noting that the kerb is dropped wider than this so further off road parking could be created if required. The driveway leads to the half garage/storage area and to the uPVC entrance door of the side/rear hallway. The rear garden are tiered and exceptionally pretty due to the beautiful landscaping and flowering plants, shrubs and trees. There is a paved patio to the immediate rear of the patio, providing great entertaining space, along with a raised patio with pergola, and also another flagged patio to the side which provides great space for a green house/shed.

The property is warmed by Vaillant gas central heating boiler, complimented further by uPVC double glazing. The property boasts modern and high quality doors, flooring and tiling throughout.

OUTSIDE

Gardens to Front, Side and Rear

Having a sweeping corner plot, the property is elevated to make the most of its position and views, and so has steps leading to the front porch, which has well stocked flower beds to either side housing an array of well established flowering plants, shrubs and trees. There is a patio to the left of the porch, and a pathway which extends to the right hand side giving access to the side of the property where the lawned side garden can be found with hedge boundaries for privacy and again being well stocked with plants. The path leads along the

side of the property, passing the side drive with space for two vehicles currently, but having the option to create further parking if needed due to the kerb already being dropped beyond the current parking facilities. The path then leads to a side gate which gives way to the rear.

Rear Garden

The rear garden is beautifully arranged in tiers, with there being a flagged patio area to the immediate rear of the property offering an ideal space for outdoor entertaining. The first tier provides a neat lawned area, enveloped by flowering plants, shrubs and fruit trees . There is a further flagged area to the next tier, with wooden pergola and having further flower bed borders to the side with stone stepping stones. As the plot is quite wide, there is also an additional patio to the right hand side of the garden which could house a green house or shed as needed.
