Building Plot at 'Perryfields'
Hopton Wafers
Kidderminster
Worcestershire
DY14 0NB

An individual Freehold Building Plot extending to over 2100 sq.ft. with double garage and gardens to the side and rear.

The projected house is suitable as a self-build project under the Town and Country Planning Act (England) 2016, thereby avoiding any community infrastructure levy charges or affordable housing requirements.

Planning permission granted July 19th 2023 on appeal ref: APP/L3245/W/22/3291306 site adj. Ashcroft, Hopton Wafers, DY14 0NB

Shropshire Council Ref: 21/05298/FUL

By road: Cleobury Mortimer; 2 miles, Ludlow 10
Kidderminster 15, Worcester 24, Birmingham 33

By train: Kidderminster or Ludlow

By bus: Regular services from Hopton Wafers to
Birmingham, Kidderminster & through to Ludlow/Hereford

Situation

The site enjoys a wonderful location on the edge of Hopton Wafers, opposite the village field, which includes a children's play area and above the A.4117 Cleobury Mortimer / Ludlow Road with a high boundary hedge. The village also has a delightful church and a thriving public house with restaurant and 11-bedroom accommodation. The area is popular with walkers, having many public footpaths including the approach road and track below, as well as many other country pursuits.

The bustling town of Cleobury Mortimer is only 2 miles distant, where there is a range of small shops, cafés, restaurants, supermarket, business parks and fuel pumps. Further afield are the larger towns of Ludlow (10 miles) and Kidderminster (15 miles) who both enjoy extensive shopping facilities and their own railway

stations, linking them to Birmingham, Manchester and South Wales.

Village location within walking distance of Hopton Crown Inn, facing South-West overlooking the valley. Regular bus transport to Birmingham via Kidderminster or Hereford via Ludlow.

Description

The site area for the plot extends to around 0.2 of an acre facing South-West in an elevated position above neighbouring properties and overlooking the Hopton Wafers valley.

Ground Floor

Entrance hall, sitting room, L-shaped kitchen / dining room, study, utility / cloak room with W.C.

First Floor

Landing, master bedroom with en-suite bathroom, 3 further bedrooms, bathroom 2, roof storage spaces and children's playroom (off bedroom 3)

The proposed dwelling extends to over 2100 sq.ft. or 196sq.m of internal accommodation with detached double garage.

The house has been carefully designed with off-white, rendered exterior, brick base up to ground floor windows, matching roof tiling and timber-boarded side extension providing an attractive contrast to neighbouring properties. The site is adjacent to an established red-brick, detached bungalow (circa 1962), also facing South-West.

Outside

The detailed plans show an access off the A.4117 and a tarmac track leading to the plot. It is intended that the plot purchaser will contribute proportionately to this access, following upgrading and improvements by the Vendors. Further information is available through the Vendors.

Self-Build Regulations

The site is ideal for a self-build project, thereby saving around £30,000 for this plot, currently of CIL charges.

This allows a purchaser to construct their own residence to their individual requirements internally, either self-managed or with a registered house builder, as described in the 2016 Town and Country Planning Act No.950. We strongly advise a potential purchaser to read the regulations governing self-build houses at:

www.gov.uk/guidance/self-build-and-custom-housebuilding.

It is important for purchasers to register with the local authority and to apply for exemption from the Community Infrastructure Levy (CIL), which will save in around £30,000 for a house of this size.

GENERAL INFORMATION

Architects

Copies of the plans for the Plot can be obtained by contacting the Architects, John Needham Associates on 01584 872112. The floor plans and drawings shown within these details may not be to scale. Please refer to the architect for advice on any alterations that may be required.

Services

Mains water, electricity and drainage are all available and are currently located in the track. There is no mains gas in the village. A Services wayleave will be retained by the vendors for any future development.
