Designed for life

LOVE LIFE EVERYDAY

Computer generated image of 3rd floor balcony in Dovecote House is indicative only

Computer generated image of the pool is indicative only

Welcome to Moselle Gardens the latest chapter at Clarendon. A thriving 12-acre city village in North London, Zone 3 delivered by St William. Clarendon will be a new cultural quarter for residents to enjoy both nature and a wealth of amenities.

Adjacent to the Moselle Walk, the 288 suites, one, two and three bedrooms are set across four buildings surrounded by beautiful landscaped gardens. Residents can enjoy a range of elevated views from the city to the new central square.

Residents at Moselle Gardens will benefit from a 24-hour concierge as well as direct access to extensive facilities at The Park Club. These include a 16m pool, gym, spa, Zen studio, Intensity studio, lounge and flexible workspaces.

The vibrant central square will be home to a new Co-op grocery store together with 125,000 sq ft of commercial space and a new community centre. Within a short walk are a host of shops, bars and restaurants as well as the iconic Alexandra Palace, home to 196 acres of parkland. Two underground stations and two overground stations frame Clarendon and provide connections to King's Cross in just 14 minutes.

Love your lifestyle, love nature, love connections. Love life everyday at Moselle Gardens.

LOUNGE LOBBY

Welcoming residents into The Park Club, the lobby's relaxed atmosphere invites you to gather to book treatments, classes and meeting spaces.

Computer generated image of entrance lobby at The Park Club is indicative only

LOUNGE

The stylish lounge is designed for comfort, with cosy corners for privacy and versatile seating for social gatherings.

Computer generated image of The Park Club is indicative only

FLEXIBLE WORKSPACES

These flexible workspaces have been created to adapt to different needs and times of day. Snug seating and work pods create space for mobile working or entertaining. Private meetings and intimate dinners can be hosted in the central space, alongside a kitchen and the latest AV technology.

Computer generated image of The Park Club is indicative only

POOL

The 16-metre pool is for residents' exclusive use. Soft lighting and natural finishes make this a soothing space for early-morning laps or a weekend dip.

SAUNA

Computer generated image of The Park Club is indicative only

TREATMENT ROOM

Computer generated image of The Park Club is indicative only

GYM

The Park Club gym has a comprehensive range of equipment, including Technogym treadmills, bikes and cross trainers.

The gym is split into individual zones – stretch, strength, cardio and group training. Two training studios are available for private personal training, and both are equipped with Wexer programmer virtual reality classes.

Computer generated image of the gym at The Park Club is indicative only

INTENSITY STUDIO

An immersive and atmospheric studio designed specifically for high impact and intensity workouts. Available for private training sessions or group classes such as spin.

Computer generated image of The Park Club is indicative only

ZEN STUDIO

Computer-generated image is indicative only

A space for dynamic flows or gentler practices, including yoga, pilates and barre. The Zen studio is available for private or shared sessions.

LOVE NATURE

At the centre of Moselle Gardens is a new public communal square with seating, playful features including swing seats and play trails through planting. The private podiums are accessible from all buildings. The Moselle Walk is a new green link for residents' connecting Wood Green, with new cycle routes with beautiful planting and social spaces.

WATERSIDE CAFÉ

A new one acre park has been created to weave through the heart of the neighbourhood, with inviting spaces for family and friends to gather. In addition to this beautiful park, a distinctive water feature, formed from part of the Victorian gas holder, will be built with natural planting and walkways that gently curve towards a waterside café for all residents* to enjoy.

Computer generated image of Hornsey Park and waterside café is indicative only

THE LANDSCAPE VISION

“OUR LANDSCAPE-LED VISION MAKES STRONG CONNECTIONS TO THE AUTHENTIC MEMORY OF THE SITE AND TO NATURE”

Photography of Hornsey Park at Clarendon

We wanted residents to hear birdsong and be able to pick an apple from a tree. People will feel enveloped by the rich planting that changes with the seasons. We wanted to make it easy for people to meet up with their neighbours, and provide a tempting variety of places for play and exercise.

Research and teaching powerhouses including the London School of Economics and University College London are also nearby.

LOVE LOCAL

MOSELLE GARDENS BELONGS TO A VIBRANT AND DIVERSE COMMUNITY

Moselle Gardens is centrally located for every kind of shopping and entertainment. From the leafy North London enclave of Muswell Hill, to the magnificent Alexandra Palace and Hornsey's bustling high street.

Less than 15 minutes away are chic boutiques, imaginative cocktail bars and inviting green spaces. There is a huge array of cultural and social venues which host inventive film screenings, live performances and more.

HORNSEY

“AN UP-AND-COMING VICTORIAN SUBURB WITH SHOPS, BARS AND RESTAURANTS FOR EVERY TASTE”

Located just 10 minutes' walk from Moselle Gardens, Hornsey is an up-and-coming Victorian suburb with shops, bars and restaurants for every taste. Florists and vintage stores, sit alongside an array of neighbourhood eateries, cosy coffee shops and great pubs in this popular local suburb.

MUSWELL HILL

A cosy enclave above the city, Muswell Hill is nestled between Highgate Woods and Alexandra Palace. Its village atmosphere is popular with families and informs every specialist store, independent book shop, local restaurant and craft beer pub.

CROUCH END

A leafy neighbourhood much-loved by families, artists and professionals. Independent restaurants and cafés abound, along with local festivals, an ArtHouse cinema, delicatessens, specialist food shops and galleries.

LOVE YOUR PARK

196 acres of parkland just ten minutes
away from Moselle Gardens.

ALEXANDRA PALACE

Surrounded by 196 acres of parkland, this historic palace with an extraordinary past offers expansive views over London. Home to famous firework displays, must-see concerts and fascinating events. The beloved 'Ally Pally' has delighted Londoners with first-rate leisure and entertainment for more than 150 years.

£26.7M RESTORATION

LOVE YOUR CREATIVITY

Working with St William, Projekt has transformed former industrial land into a centre for innovation and culture. Clarendon Yards is a meanwhile space which will offer 40,000 sq ft of maker spaces, workshops and studios for creative start-ups.

Some of the businesses currently at Clarendon Yards include art development charity Collage Arts and North London Strength & Conditioning (a CrossFit Gym). Creative sign-makers Goodwin & Goodwin and independent book distributors Turnaround Publisher Services.

With its carefully chosen range of bars, food outlets, fitness hubs and cultural spaces, Clarendon Yards builds a unique identity for the neighbourhood.

Goodwin & Goodwin

CREATED BY ST WILLIAM - OUR DIFFERENCE

St William is a joint venture between the Berkeley Group and National Grid. Our vision is to develop sites that have been closed to the public for decades and reconnect them to the community.

We want the places built by St William to be renowned for the quality of their landscape and the open space. The term 'landscape' comes from two words meaning 'to shape a place where people belong'.

That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe. We believe beautiful landscaped open spaces give room to breathe, and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments.

To pioneer a landscape led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's well-being within that space can be emphasised through positive design. Backed by the strength and expertise of National Grid and the Berkeley Group, St William will regenerate sites at the heart of communities across London and the South of England, creating homes for people to enjoy.

Computer generated image is indicative only and subject to change

TRANSFORMING TOMORROW

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our ten year plan which sets out how we will achieve this.

Photography of Hornsey Park

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

Please scan this QR code for more information on how we are TRANSFORMING TOMORROW

DESIGNED FOR LIFE

DESIGNED FOR LIFE

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance well-being and quality of life for residents and visitors. Where people feel a sense of community.

CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

CHOICE AND DIVERSITY

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

QUALITY FIRST TO LAST

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

GREEN LIVING

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

THIS IS HOW WE ARE ENSURING SUSTAINABILITY AT CLARENDON

Computer generated image of café

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, well-being and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Clarendon.

NATURE AND BIODIVERSITY

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to achieve a net biodiversity gain on our developments. At Clarendon we will transform a brownfield site (historically used for industrial purposes) into a brand new destination which features over 2.5 acres and 41% of open space including a one acre community park, public square, courtyards, pocket parks, play space and pedestrian routes. We have worked with our landscape architects to introduce green spaces with extensive landscaping creating 71% net-biodiversity with around 250 trees in total, 8 new tree species including a new apple and pear community orchard. Green and brown roofs also form part of the strategy to support local wildlife and boost biodiversity.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. We provide integrated recycling bins within kitchen units to make it easier to separate and recycle different types of waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. Rainwater harvesting is also in place for the wider development, with water captured during periods of rainfall, stored underground and then used to irrigate landscaped areas.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with Mechanical Extract Ventilation (MEV). Each home has a smart energy meter, so residents can monitor usage, whilst all lighting is low energy and kitchen appliances are energy efficient.

NOISE REDUCTION

We can't eliminate noise, but we do consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We consider room layout and incorporate insulation to create a quieter environment wherever possible.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Clarendon we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to extract moist air, whilst the paints and adhesives used have low levels of volatile organic compounds (VOCs) to ensure a healthy indoor environment.

SUSTAINABLE TRANSPORT

We provide secure cycle parking and electric car charging infrastructure and 3,000 secure cycle spaces to encourage the use of sustainable methods of transport. Extensive walking and cycling routes through the site also ensure easy access to bus, tube and rail links. A car club is available to residents.

COMMUNITY & STEWARDSHIP

We want to ensure that Clarendon develops into a thriving community, where people get to know their neighbours and enjoy a great quality of life. The development will have key amenities and places to meet, including communal gardens, an open plaza, children's play spaces, a brand new supermarket, and over 125,000 sq ft of commercial and community space. Clarendon will also have a community plan, and we will support the development of a resident led community committee and provide funding to run clubs and events aimed at bringing people together.

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with the Estate Management Team and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs. Adaptation features at Clarendon include green and brown roofs, rainwater harvesting and sustainable urban drainage.

Proud to be a member of the Berkeley Group of Companies

MYHOME PLUS

MyHome Plus is a new online service that is designed to help you manage key aspects of your new home at any time from anywhere around the world.

Providing you with a step-by-step guide to the buying process from reservation through to completion, moving in and warranty. At each milestone, the buying process section advises on the next steps so that you can be absolutely clear on your current position and what to expect next.

Sign in by visiting:
berkeleygroup.co.uk/my-home/sign-in

01

FILING CABINET

In the filing cabinet section you can access documentation relating to your new home immediately at your own convenience.

02

MEET THE TEAM

This section provides an introduction to the team that will be working with you throughout your journey and details their individual roles. You can email any member of the team directly via this section.

03

OPTIONS AND CHOICES SELECTION

We are able to offer some choices on certain internal finishes of your new home. Whether this option is available to you will depend on what stage of construction the property has reached at the time of you making your reservation. See the next steps section for further detail on this.

04

CONSTRUCTION PROGRESS

Under this section, regular updates on the construction of your new property will be provided, keeping you up to date on the progress on site and the local area. Your Customer Service Manager will issue regular newsletters and photographs to this section throughout your journey.

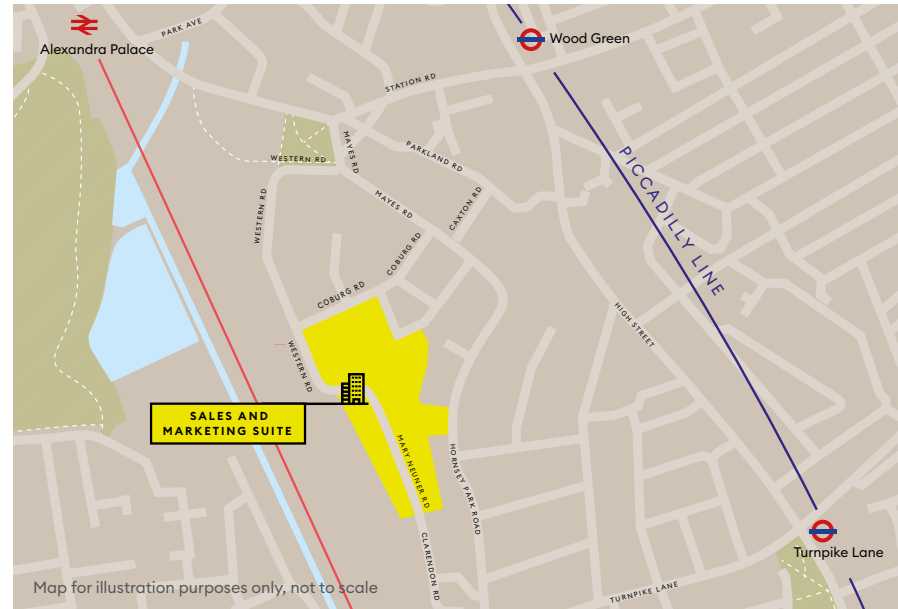

NEXT STEPS

- 01 Your Sales Consultant will send you a link that you will need to activate to access MyHome Plus. The link will require you to set a password for access.
- 02 Customer Service will then be in touch to invite you in to our Show Apartment to view the interior selections available for the internal finishes that you have an option to select. If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.
