Parking Plan

“The development provides an excellent opportunity for prospective owner occupiers wishing to own their own asset, as well as those looking to lease with terms available which will help towards relocation or expansion costs.”

The construction of the estate, which provides high grade industrial and office accommodation close to an affluent town centre and to major motorway junctions, has helped to fill the void created by a lack of development in the area for many years. Due to updated building regulations, this ensures excellent environmental credentials with A rated EPCs, in part due to the inclusion of roof mounted solar PV panels.”
