## ALL ABOUT HOMES BUILT ON SOLID VALUES

The Crab Apple

The Mulberry

We have never expected more from our home than we do today, from its energy-efficiency and environmental impact, to the different roles it is asked to play in our life. What has remained constant however is the central importance of our home, a place where we re-energise and unwind, increasingly work in - and where families grow. So, at Allison Homes we know we are not just building houses; we are creating the most important spaces in people's lives and the places customers will love to live now and throughout the years ahead.

That's why we ensure an Allison home is something exceptional. Our breadth of experience meets a forward-thinking outlook, and we listen to customer feedback and benefit from the insight and passion for homes of our 200 strong team. Then we design and build the best homes we can for modern, evolving lifestyles. We look at the familiar in a new light too, from redrawing kitchen designs for flexibility to work from home, to transforming underused space like garages for multi-use whether it's for storage, an office or a gym. We always ensure living areas are a balance between that all-important family space and private space for everyone.

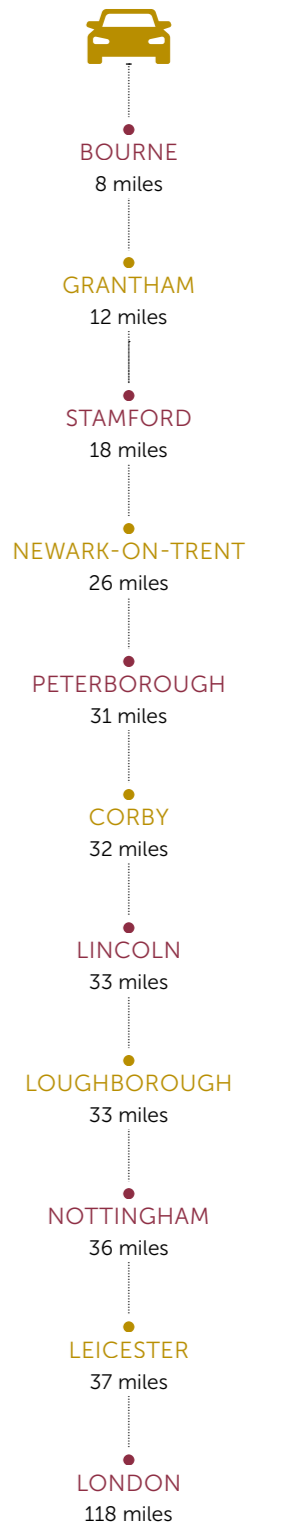

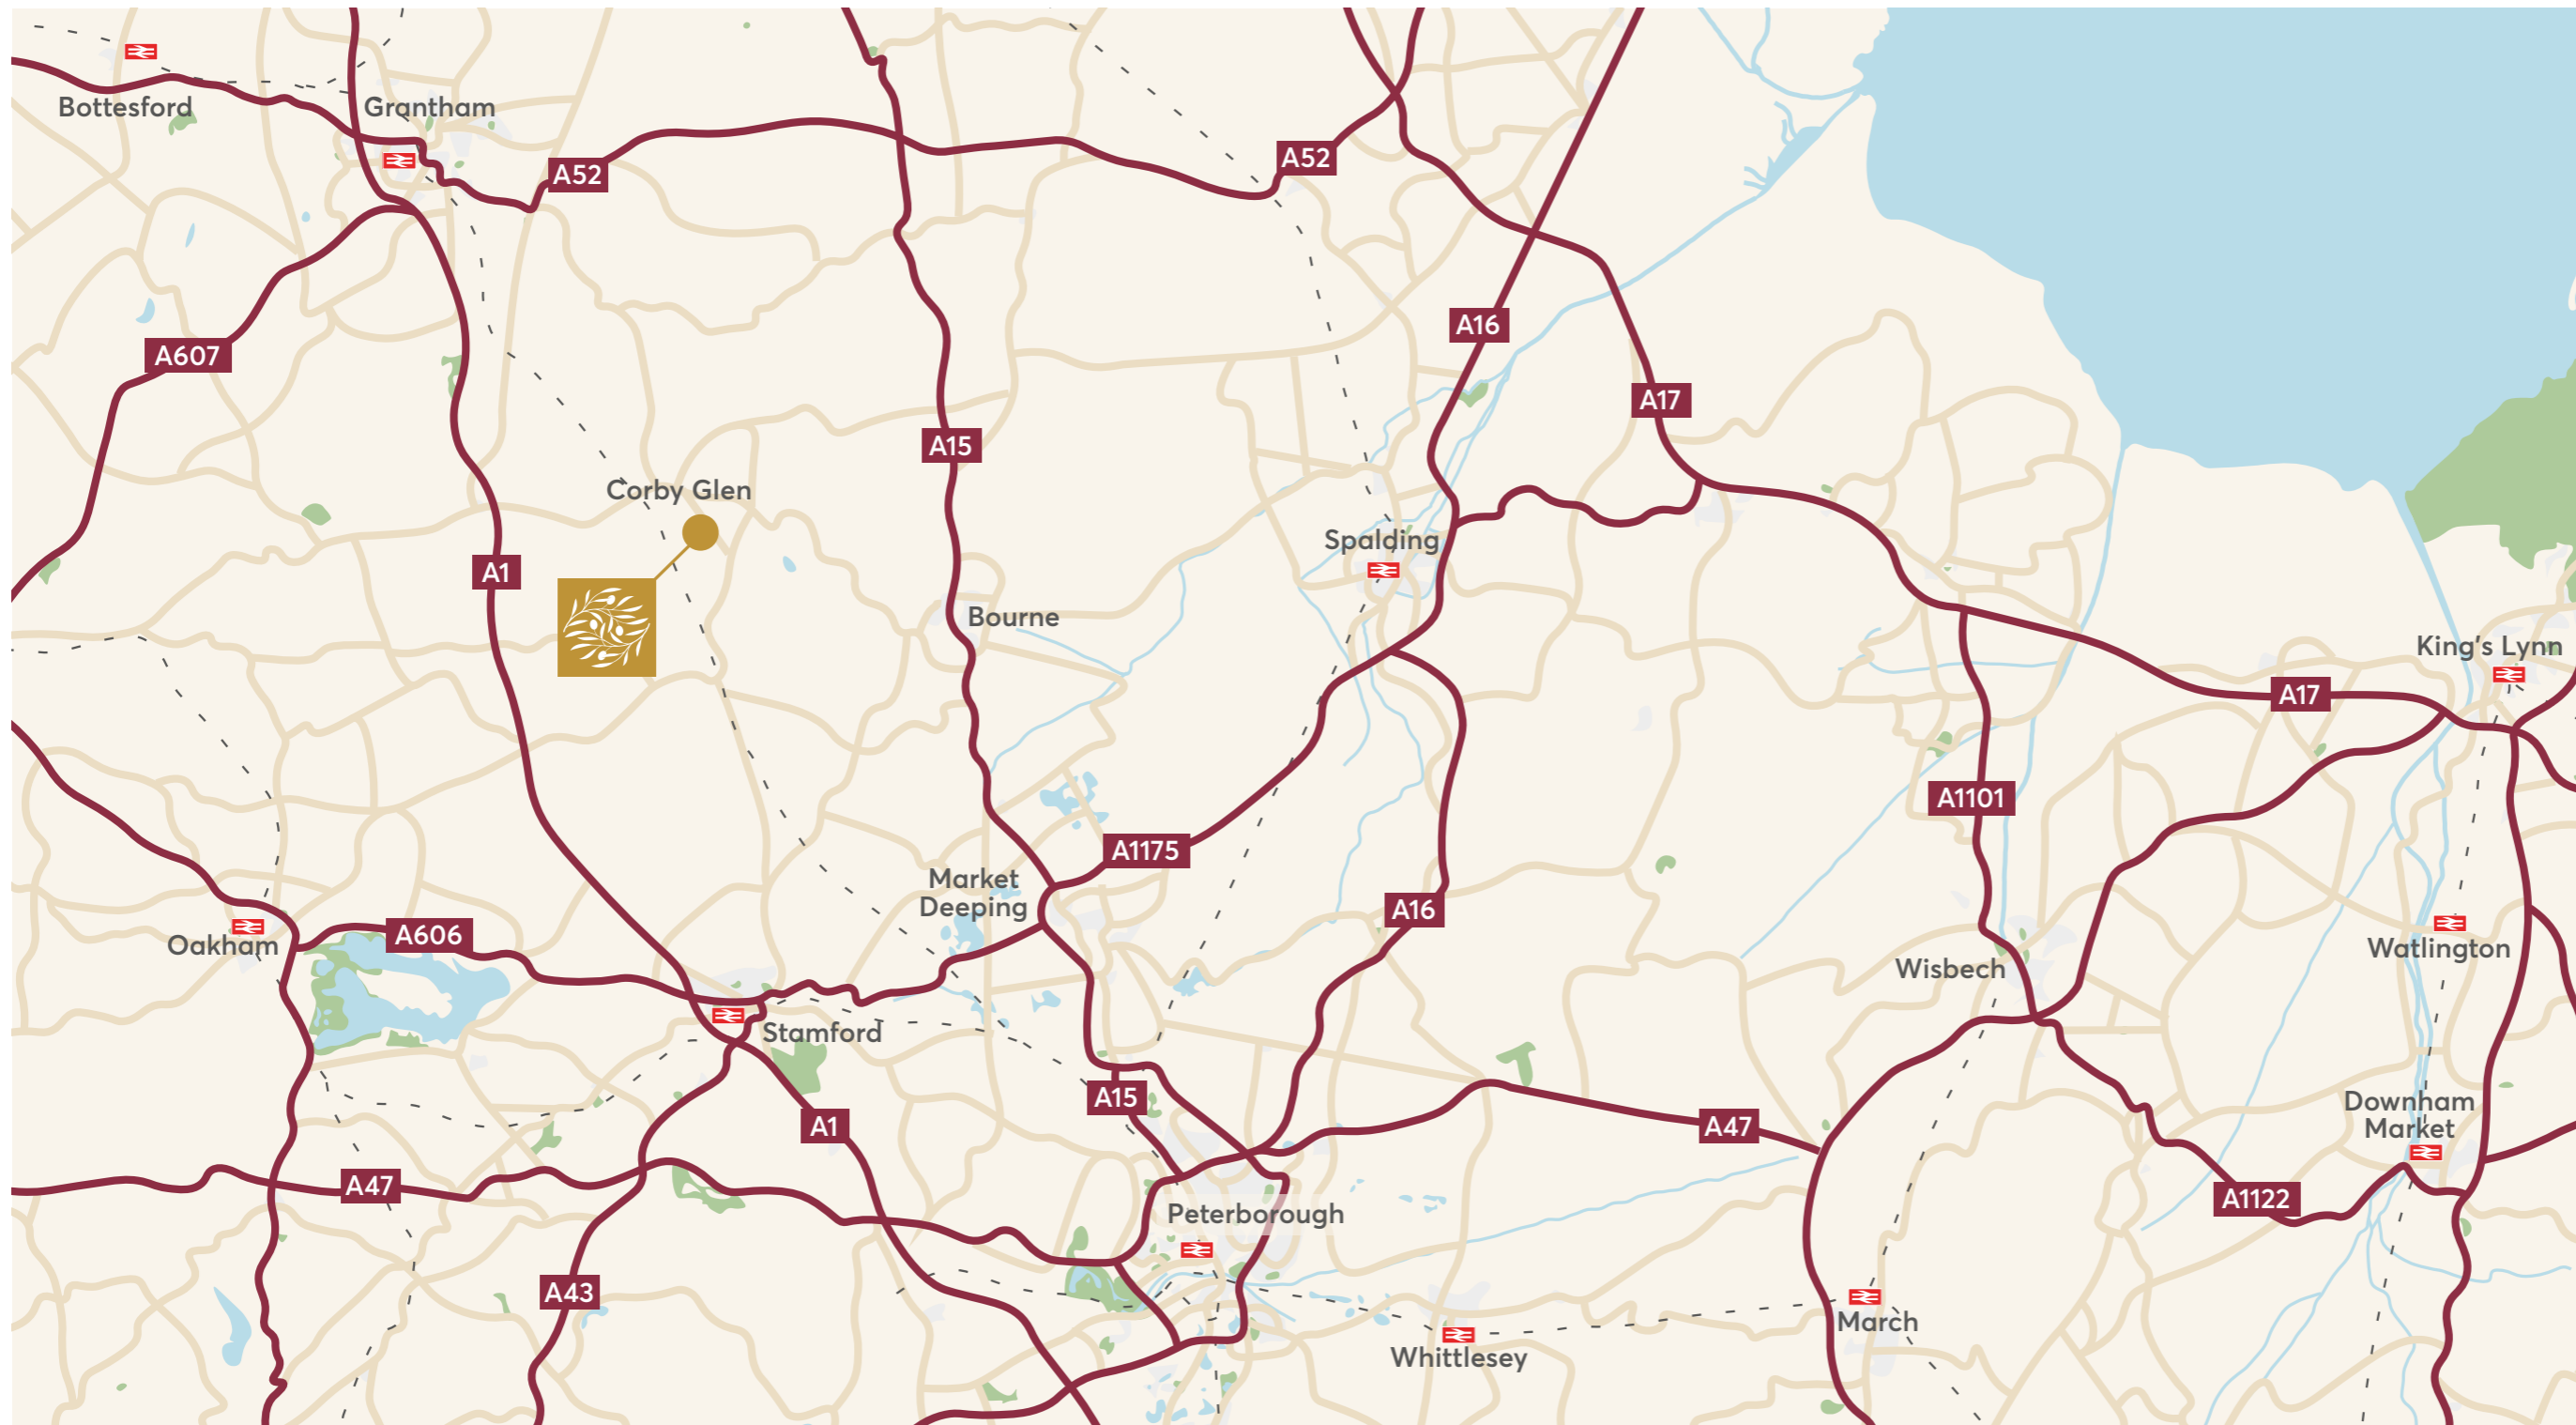

Once you have chosen your home, we understand delivering it on time and to the highest quality matters. Which is why, from site managers to suppliers, we work only with those who share our values of commitment and pride in the job. These relationships with everyone involved in your home are the most important things we build - and the foundations of a home that, inside and out, you can be as proud of as we are.
