

The Willows

Banham

FINAL PHASE

A luxury collection of 2, 3 & 4 bedroom bungalows, houses & chalets

Brought to you by renowned Norfolk developer

Welcome to the final phase of

The Willows

A beautiful development of individually unique homes set in the quintessential Norfolk village of Banham.

The final phase released at The Willows are the last available of 29 homes in the pretty south-Norfolk village of Banham. Thoughtfully designed and built by local renowned developer Clayland Architects & Country Homes. The Willows is cleverly laid out with plenty of green space and a lovely pond.

The homes at The Willows offer a great variety of configurations, from expansive open plan living to traditional separate reception rooms. This phase features houses and chalets of either two, three

or four bedrooms, and just two detached bungalows.

In keeping with their reputation for building beautiful homes, Clayland have included many of their signature touches such as the beautiful oak porches. All plots have their own driveways and rear gardens with spacious porcelain tiled patios. There are garages to all detached properties and stunning oak cart lodges to many. These are just some of the quality features which should be viewed to be appreciated.

Live life in Norfolk

Living in Banham really does offer the best of all worlds. This pretty south Norfolk village with a population of one and a half thousand has a central village green adjacent to the church which is surrounded by stunning listed homes. Yet access to the rest of Norfolk and beyond couldn't be easier.

The quintessential Norfolk village of Banham has an abundance of facilities and amenities. There are two local shops - one with post office services, a popular family-friendly public house, a takeaway, hairdressers, fabulous butchers and even a garage for car maintenance.

There is a substantial community centre, Banham Primary School, the Orchard Montessori Nursery rated 'good' by Ofsted and is in the catchment

area for Old Buckenham School, also rated 'good' by Ofsted.

At the heart of the village is Banham Zoological Gardens. Founded in 1968 it now houses thousands of animals from all corners of the world and is set in 50 acres of parkland and gardens. Banham is also home to Appleyard Hall, an award winning wedding and events location.

The market town of Diss is to the south and Attleborough to the north west, both under 7 miles away and offer a wide range of shopping facilities. Diss has a mainline railway station serving London Liverpool Street and Attleborough railway station serves Norwich and Cambridge.

Banham is perfectly placed to enjoy Thetford forest, the UK's largest man made lowland forest, less than 25 minutes away. The east coast is renowned for its big skies and beautiful variety of beaches. From the wide beaches at Winterton to the colourful beach huts at Wells-next- the-Sea, there is something for every taste and day trips aplenty to be explored.

The Cathedral City of Norwich to the north is approximately 21 miles away and has a beautiful heritage, dynamic nightlife, sophisticated shopping and mouth-watering restaurants. There are also a number of sought after schools and colleges. The River Wensum flows throughout the city and offers boat rental and numerous pubs and eateries along the river itself.

The Details

The Developer

Not only is every development by Clayland unique in character and style, but no two homes are exactly the same. This level of attention to detail and pride in quality is evident. Every home oozes a perfect blend of aesthetics, advanced build quality and the finest materials.

The homes built by Clayland are much more generously proportioned than most new build developments. They are heated using air

source heat pumps and underfloor heating which provide significant energy savings and reduced emissions over gas or oil fired systems. They are very much a family firm, established in 1998 and run by husband and wife team Chris and Mel Tilley, with Chris' eldest sons Aaron and Ollie working through the ranks. Most of our staff have been with the company for many years and have worked hard to build and maintain our reputation.

Founded in 1998 Clayland Homes have built a reputation based on quality and craftsmanship. Traditional design blends with modern technology and a philosophy to build homes where no two are ever exactly alike.
