

# FARMSTEAD

AT TANNERSBROOK

CRANBROOK, KENT

**Berkeley**  
Designed for life

A young girl with light brown hair, wearing a sleeveless dress with vertical stripes in shades of blue, pink, and white, is walking through a field of tall, dry grass. She is holding a large, light-colored stuffed animal. The background is a dense wall of green foliage. The overall scene is bathed in warm, golden light, suggesting late afternoon or early morning. The text is overlaid on the right side of the image.

**CLOSE  
YOUR EYES  
AND OPEN  
YOUR MIND,  
IMAGINE A  
PLACE WHERE  
YOU WOULD  
LOVE TO LIVE**

**I KNOW A PLACE  
TO REST MY HEAD.  
I KNOW A PLACE  
CALLED FARMSTEAD**

Nestled in the Garden of England in the quaint town of Cranbrook in Kent, you'll find a place you'll never want to leave.

A place known as Farmstead. A place that's unlike anywhere else.

Set amid rolling countryside, woodlands and streams, this is where you'll discover nature at its finest. A gated collection of 28 private three and four bedroom homes and the 5 bedroom farmhouse – each one thoughtfully designed and inspired by the local surroundings, providing traditional homes but with a contemporary twist.

Time-honoured Shaker-inspired cabinets give kitchens a distinctly traditional look, with living areas opening out onto generous gardens. Stepping into the hallway, luxury fitted carpets lead upstairs and through to spacious bedrooms. With space in abundance, the home office option provides that much-needed flexibility for modern day living.

Open your door onto a panorama of the Kent countryside, with its patchwork fields, rich wildlife and ancient woodlands framing your view. Walk within almost five acres of protected habitats at Farmstead before heading out into open countryside. Or take a stroll along historic bridle paths towards the local farm shop and café. When you need to go that little further afield, the nearby station at Staplehurst offers you regular services into London Bridge in under an hour.

Welcome to Farmstead, a place you have always dreamed of.

**Beautifully designed homes where every detail has been considered**

Artist's illustration of Farmstead. Landscaping has been enhanced for illustrative purposes. Please speak to our sales consultant for more details.

**Farmstead is enveloped by quintessential English countryside, with its ancient woodland, picturesque ponds and idyllic tree-lined setting**

Lying between historic roads and pathways that cross the county, Farmstead is a considered and complementary addition to the established community of Cranbrook.

Rural views extend across the High Weald in every direction, providing beautiful points of interest and fascinating places to visit.

AN OWL, A ROOK, A WANDER  
AROUND CRANBROOK

# A COMMUNITY WITH TRUE CHARACTER

1. The George Hotel  
2. Tea Rooms  
3. Cranbrook School

In the delightful town of Cranbrook, you'll find everyday essentials as well as plenty of places to eat and drink such as the Waterloo House Tea Rooms and The George Hotel. Criss-crossing the streets in the centre of town brings you face-to-face with exemplary traditional Kentish buildings, many of which are listed.

Cranbrook itself serves the wider community and there are several schools catering for all age groups – including the highly sought-after Cranbrook School, a boarding and day grammar school.

## A LOCAL WAY OF LIFE

Whether it is new discoveries or family days out, the area around Farmstead offers a wealth of interesting places to explore

This part of Kent really does live up to the county's reputation as the Garden of England. To the east lies the wide expanse of Bedgebury National Pinetum and Forest, a 320-acre site that features hiking and bike trails as well as tree-top rope courses. Not to mention the glorious town of Royal Tunbridge Wells.

To the north is the Vera Sackville-West's famed Sissinghurst Castle Garden, with its high tower offering views across themed gardens that are now tended by the National Trust.

Due west is the ever-popular Chapel Down Vineyard. Known for being one of the UK's foremost producers, the winery attracts visitors keen to enjoy walking and tasting tours at a relaxed pace.

Just half a mile away to the south is the Hartley Lands Fishery – perfect for anglers looking for a little peace and tranquillity, with a huge variety of fish available.

# TOP OF THE CLASS

Kent is one of the few English counties that benefits from the grammar school system. Including the renowned and ancient Cranbrook School, one of the few state boarding and day schools in the country catering to children aged 13–18 and just a little over 15 minutes' walk from Farmstead. Founded in 1518 and given its royal charter by Elizabeth I in 1574 the school continues to deliver impressive academic results. School leavers head to a variety of top destinations, including Oxbridge and many Russell Group universities.

Parents of younger pupils also have their pick of several first-rate local primary schools, including Goudhurst & Kildown C of E Primary School – rated Outstanding by Ofsted.

## PRIMARY SCHOOLS

# CAREFULLY CONSIDERED IN EVERY WAY

From the initial concept  
through to the materials selected  
for each home, Berkeley has focused  
on every detail at Farmstead

Berkeley has committed to creating high quality and distinctive homes following the traditional Kentish architecture. We are faithfully reconstructing the original Turnden farmhouse, inspired by the form, materials and detailing of the traditional farmhouse that once stood on the development.

Farmstead is all about reconnecting with the great outdoors. Beyond the buildings extra attention has been afforded to net biodiversity gain and recovery.

This starts with protecting the pre-existing woodland and ponds, through to sustainable planting strategies and creating new forests and biodiverse environments.

## HOMES IN THE LOCAL STYLE\*

Familiar eave details, roof pitches, windows and doors across all new homes.

## A SERIES OF NEW PONDS

Three ponds, two of which provide a specially adapted space for Great Crested Newts.

## PROTECTION OF DORMICE

Hedgerow pruning carried out at specific times of the year to ensure their safety.

## BESPOKE BAT BARN

Providing a safe haven for local populations, including a maternity bat roost.

## 42 NEWLY PLANTED TREES

Individually placed trees as well as the retention of the ancient Turnden Woodland.

## ELECTRIC CAR CHARGING

Three visitor charging points and provision for 13 future points\*\*.

\*Artist's illustration of Farmstead. Landscaping has been enhanced for illustrative purposes. Please speak to our sales consultant for more details. \*\*Future provision of charging points to car ports and barns.

**A PLACE TO ROAM,  
A PLACE TO CALL HOME**

**Generous living areas are filled with natural light by day before becoming cosy spaces for evenings spent relaxing or entertaining**

34

Entering from the garden or hallway, the immediate sensation is one of brightness and warmth. Large windows invite the sunlight in, while natural tones provide a canvas for expressing the home's individual personality.

Quality wood-effect flooring and painted architraves provide added character, while the SkyQ+, high speed broadband connectivity, telephone and television points make these rooms ideal for homeworking or enjoying time together.

35

With Shaker-style cabinetry and Belfast-style sink as well as soft-close doors and built-in appliances, Farmstead kitchens are designed to incorporate a traditional aesthetic with modern convenience.

As well as featuring state-of-the-art Bosch oven, hob and dishwasher, the ergonomic designs and attention to detail include low-maintenance Silestone worktops.

36

**At the heart of every home is a well-appointed kitchen with everything to make entertaining simple and easy**

37

## Interiors draw inspiration from the landscape around Farmstead, reflecting the understated tones of the natural world

Designed to be warm and comfortable sanctuaries, these bedrooms are the perfect place in which to unwind. Bespoke fitted wardrobes in the main bedroom provide ample storage, while soft and sumptuous carpets provide a little extra luxury.

With additions like the Vitra wall-hung washbasins, stone-effect flooring and matt black framed mirrors, Farmstead bathrooms and en suites come complete with attractive features that offer something out of the ordinary.

Your attention is drawn to the fact that in rare circumstances it may not be possible to obtain the exact products or materials referred to in the specification. Berkeley reserves the right to alter, amend or update the specification, which may include changes in the colour, material or brand specified. In such cases, a similar alternative will be provided. Berkeley reserves the right to make these changes as required.

A number of choices and options are available to personalise your home. Choices and options are subject to time frames, availability and change.

DESIGNED FOR LIFE

# SUSTAINABILITY AT ITS HEART

This is how we are ensuring sustainability at Farmstead

## PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Farmstead.

## NATURE AND BIODIVERSITY

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to net biodiversity gain on our developments. Within and around Farmstead, we have created natural habitats that encourage wildlife to flourish. We are working with LDA Design Consulting Ltd to engage residents in the natural landscapes that we have created.

## WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

## WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

## ENERGY EFFICIENCY

Efficient use of electricity and gas helps to lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness. All lighting is low energy and kitchen appliances are A rated. There are also Solar Photovoltaic (PV) panels installed to houses.

## NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

## CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Farmstead, we have planted trees, shrubs and flower beds to help create a cleaner air environment.

## SUSTAINABLE TRANSPORT

The local town of Staplehurst offers direct train services to London Bridge. We also encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help to encourage healthier lifestyles. There are three visitor charging points and provision for 13 future points\* across the development. Individual charging points or ducting to enable installation is included in selected homes.

## STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with RMG and residents to ensure that the development remains in pristine condition.

## FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure that our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

# BUY WITH CONFIDENCE

At Berkeley, quality comes first. It influences everything we do – from the land we purchase through to the materials we build with.

This attention to detail is not just about the properties we build, but the way we treat our customers. It is vital to us that our customers receive unrivalled support throughout the buying process. Our dedicated Customer Care Team is on hand to help look after all our customers' needs every step of the way.

As one of the UK's leading housebuilders, we are also able to offer our customers an unrivalled range of properties. We offer everything from a city penthouse or a country retreat, to a modern studio apartment or a traditional family home.

Our homes are designed to enhance the neighbourhoods and communities in which they are located. We achieve this through excellence in design, sensitive landscaping, sympathetic restoration and impeccable standards of sustainability.

Green living and sustainable developments are also top of our agenda. We are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Our driving aim is to create exceptional places for people to live, work and relax in, and establish communities that will thrive today and for years to come.

An independent assessment of attitudes towards customer service by surveying our customers, employees and the management team.

# WHY BERKELEY

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance wellbeing and quality of life for residents and visitors. Where people feel a sense of community.

## QUALITY FIRST TO LAST

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

## GREEN LIVING

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

## COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

## CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions. And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

## CHOICE AND DIVERSITY

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

# TRANSFORMING TOMORROW

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our ten-year plan which sets out how we will achieve this.

## TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

## TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

## TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

## TRANSFORMING FUTURES

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.
