Orchard Wharf

AS THE FOCUS OF THE CAPITAL

SHIFTS TO THE EAST

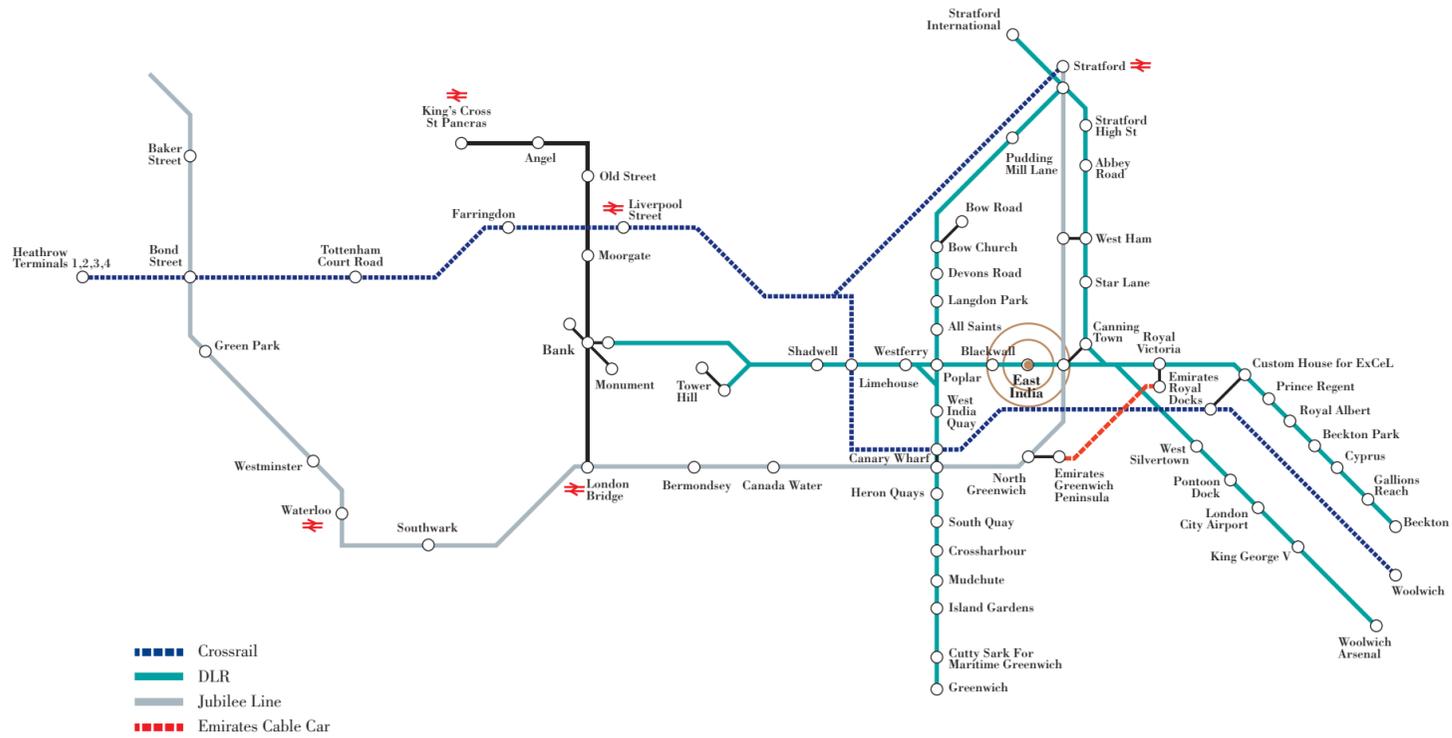

THE CENTRAL LOCATION OF ORCHARD WHARF HAS RISEN TO THAT OF DYNAMIC STATUS

THE GATEWAY TO THE ROYAL DOCKS

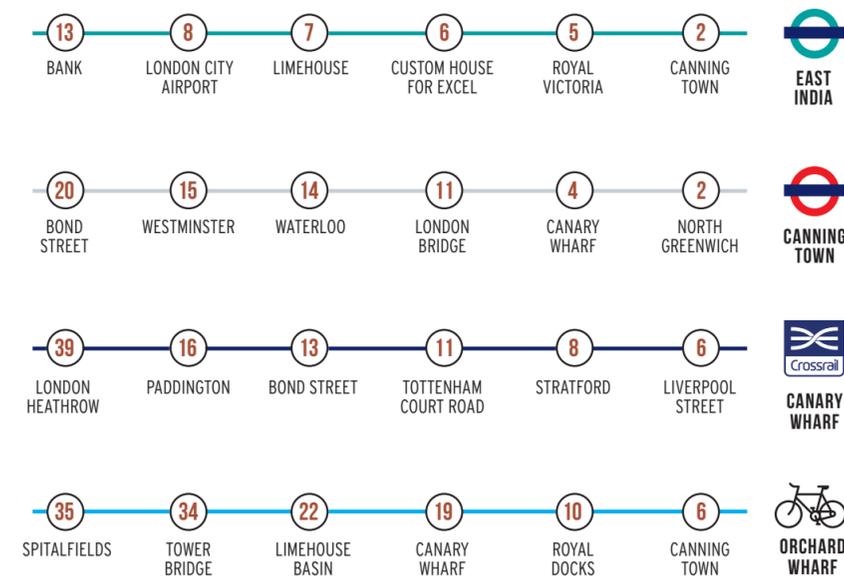

Orchard Wharf
LONDON E14

Amongst the many advantages of enjoying a luxury lifestyle at Orchard Wharf will be total connectivity - a 5 minute stroll to the DLR at East India, a 2 minute hop to Canning Town and in turn a 4 minute service to Canary Wharf that will transform journey times across the Capital with the forthcoming Crossrail Elizabeth Line.

Everything will be in place for fast and convenient public transport links, or for the more energetic, London's cycle lanes may offer a more invigorating start to the day, while for those wishing to travel further afield, London City Airport will be around 9 minutes direct on the DLR from East India.

AVERAGE JOURNEY TIMES FROM:

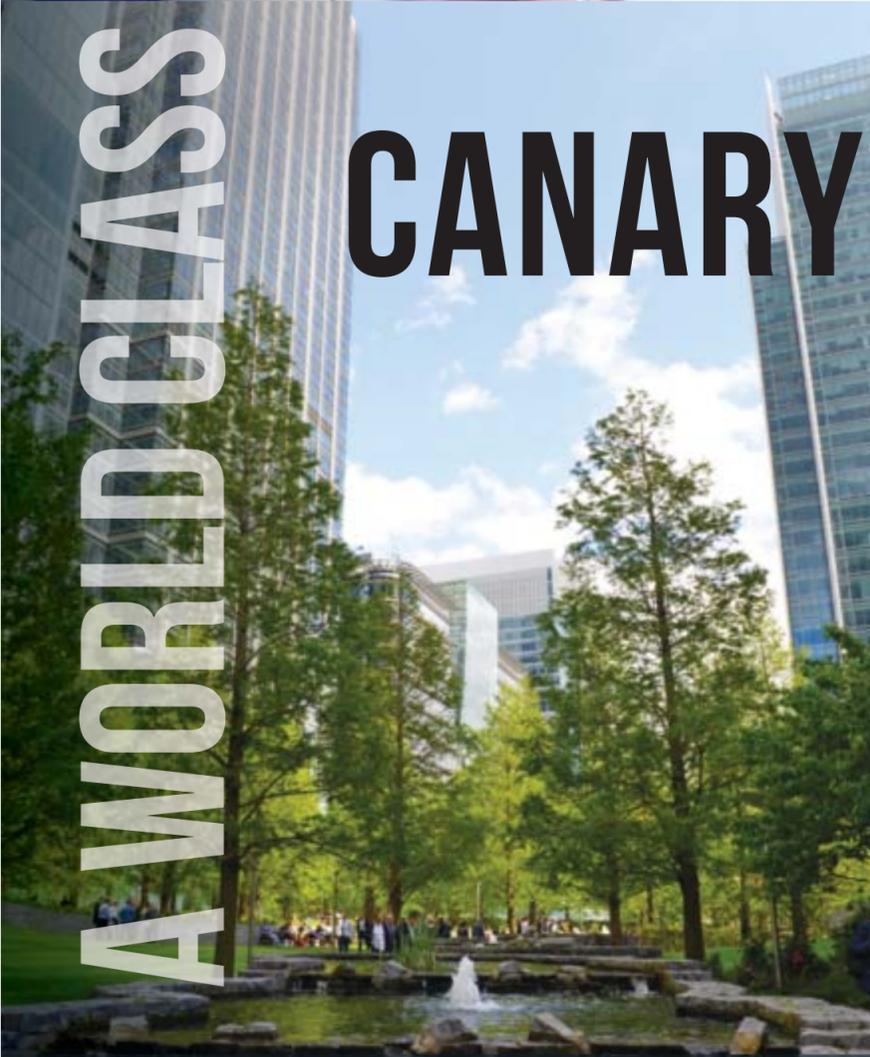

- The district has over 97 acres of some of the most highly specified urban architecture and public realm.
- Canary Wharf now has one of the largest collections of public art in the United Kingdom.
- The largest health club in Europe is located at Canary Wharf.
- Brand name shopping extends across 5 malls with over 300 stores, boutiques, bars and restaurants.
- Luminocity Ice Rink Canary Wharf has a seasonal showcase where more than 8km of LED lights are laid beneath the ice to provide a truly immersive skating experience.

CANARY WHARF

CONSIDER THE FACTS

- Crossrail Place has opened over 100,000 sq.ft. of prime retail and leisure space.
- When fully operational, forthcoming Crossrail will bring an additional 1.5 million people to within a 45 minute commute of the Capital.
- Canary Wharf is now attracting London's fast emerging tech industry - further fuelling its next phase of growth.
- The district is now the biggest employer of bankers and executives in Europe.

POWERHOUSE

The 16 largest banks in the UK now employ around 44,500 staff at Canary Wharf, another statistic that has contributed to the district employing more bankers than the City of London. Today, E14 is London's highest salary postcode, which averages at £100,000, with the focus on commerce emanating from the major banks and institutions amassed around One Canada Square.

THE DYNAMICS OF E14

LONDON'S HIGHEST SALARY POSTCODE

With expansion continuing, Canary Wharf is forecast to see employment doubling over the next decade - further endorsing 'E14' as the prime postcode for residential investment.

PARIS

REGENERATION

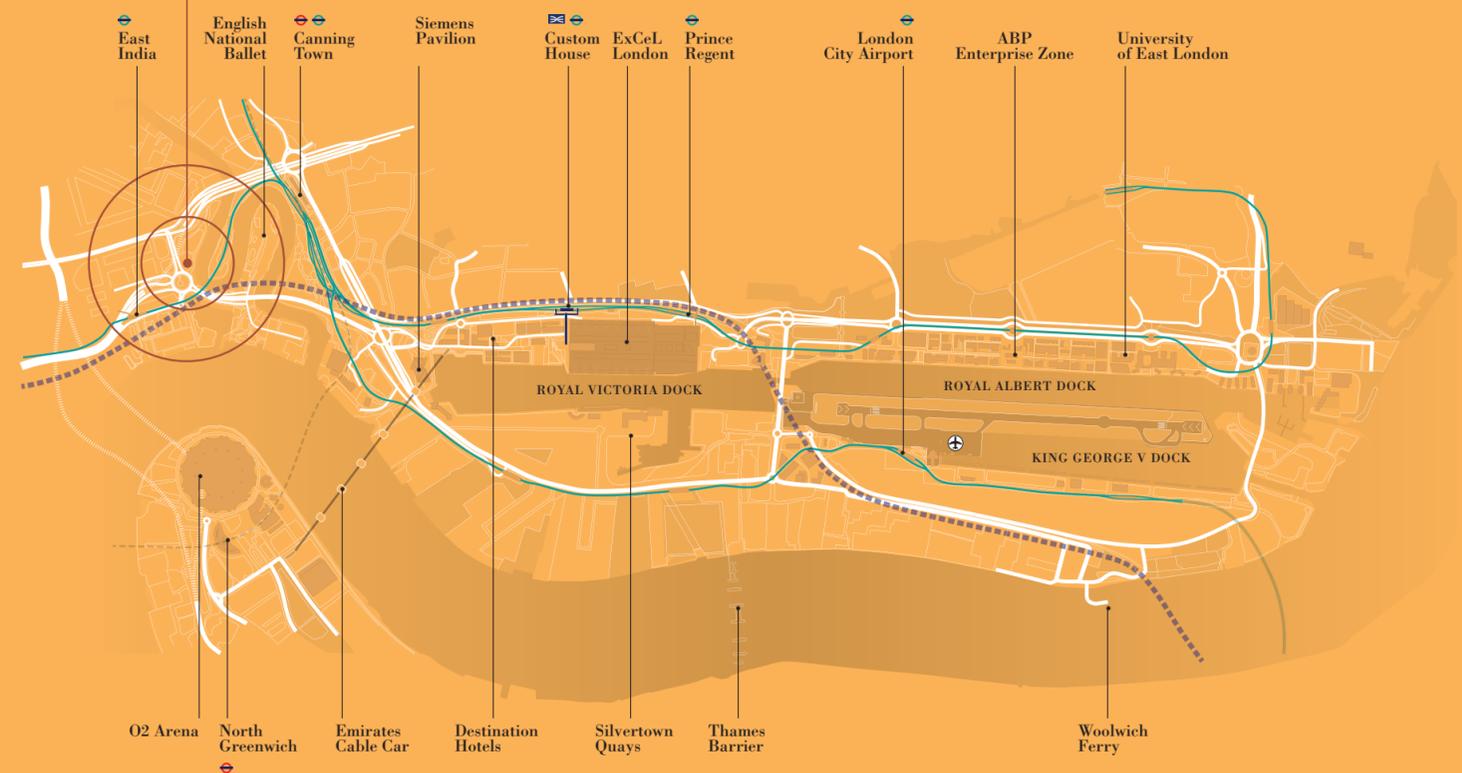

The Royal Docks is now a global magnet for investment with the Capital's most prolific regeneration masterplan firmly underpinned by massive investment from the private sector. The district is set to become a world class business and leisure destination perfectly positioned by its physical integration with Canary Wharf, The City, London City Airport and the Greenwich Peninsula.

Futuristic architecture, fabulous hotels, international venues and a 21st Century transport infrastructure already form the foundations for the ambitious transformation that will see the status of the Royal Docks elevated to that of London's third financial business district.

Royal Albert Dock London

创建伦敦下一个金融城 “亚洲商务港”

The £1.7 billion investment to create London's next financial district to be known as 'Asian Business Port' will be the largest dockside regeneration of its kind in the UK, transforming a 35 acre site into a state of the art business district with some 4.7 million sq.ft. of high quality work, office, retail and leisure space - with the first phase already 70% pre-let.

- ABP is projected to be worth £6 billion to London's economy.
- ABP will create around 30,000 new full time jobs.
- ABP will become the economic engine and platform for further growth and development of the Royal Docks.
- The first phase of the project is scheduled for completion in 2018 to coincide with Crossrail entering service at Custom House.

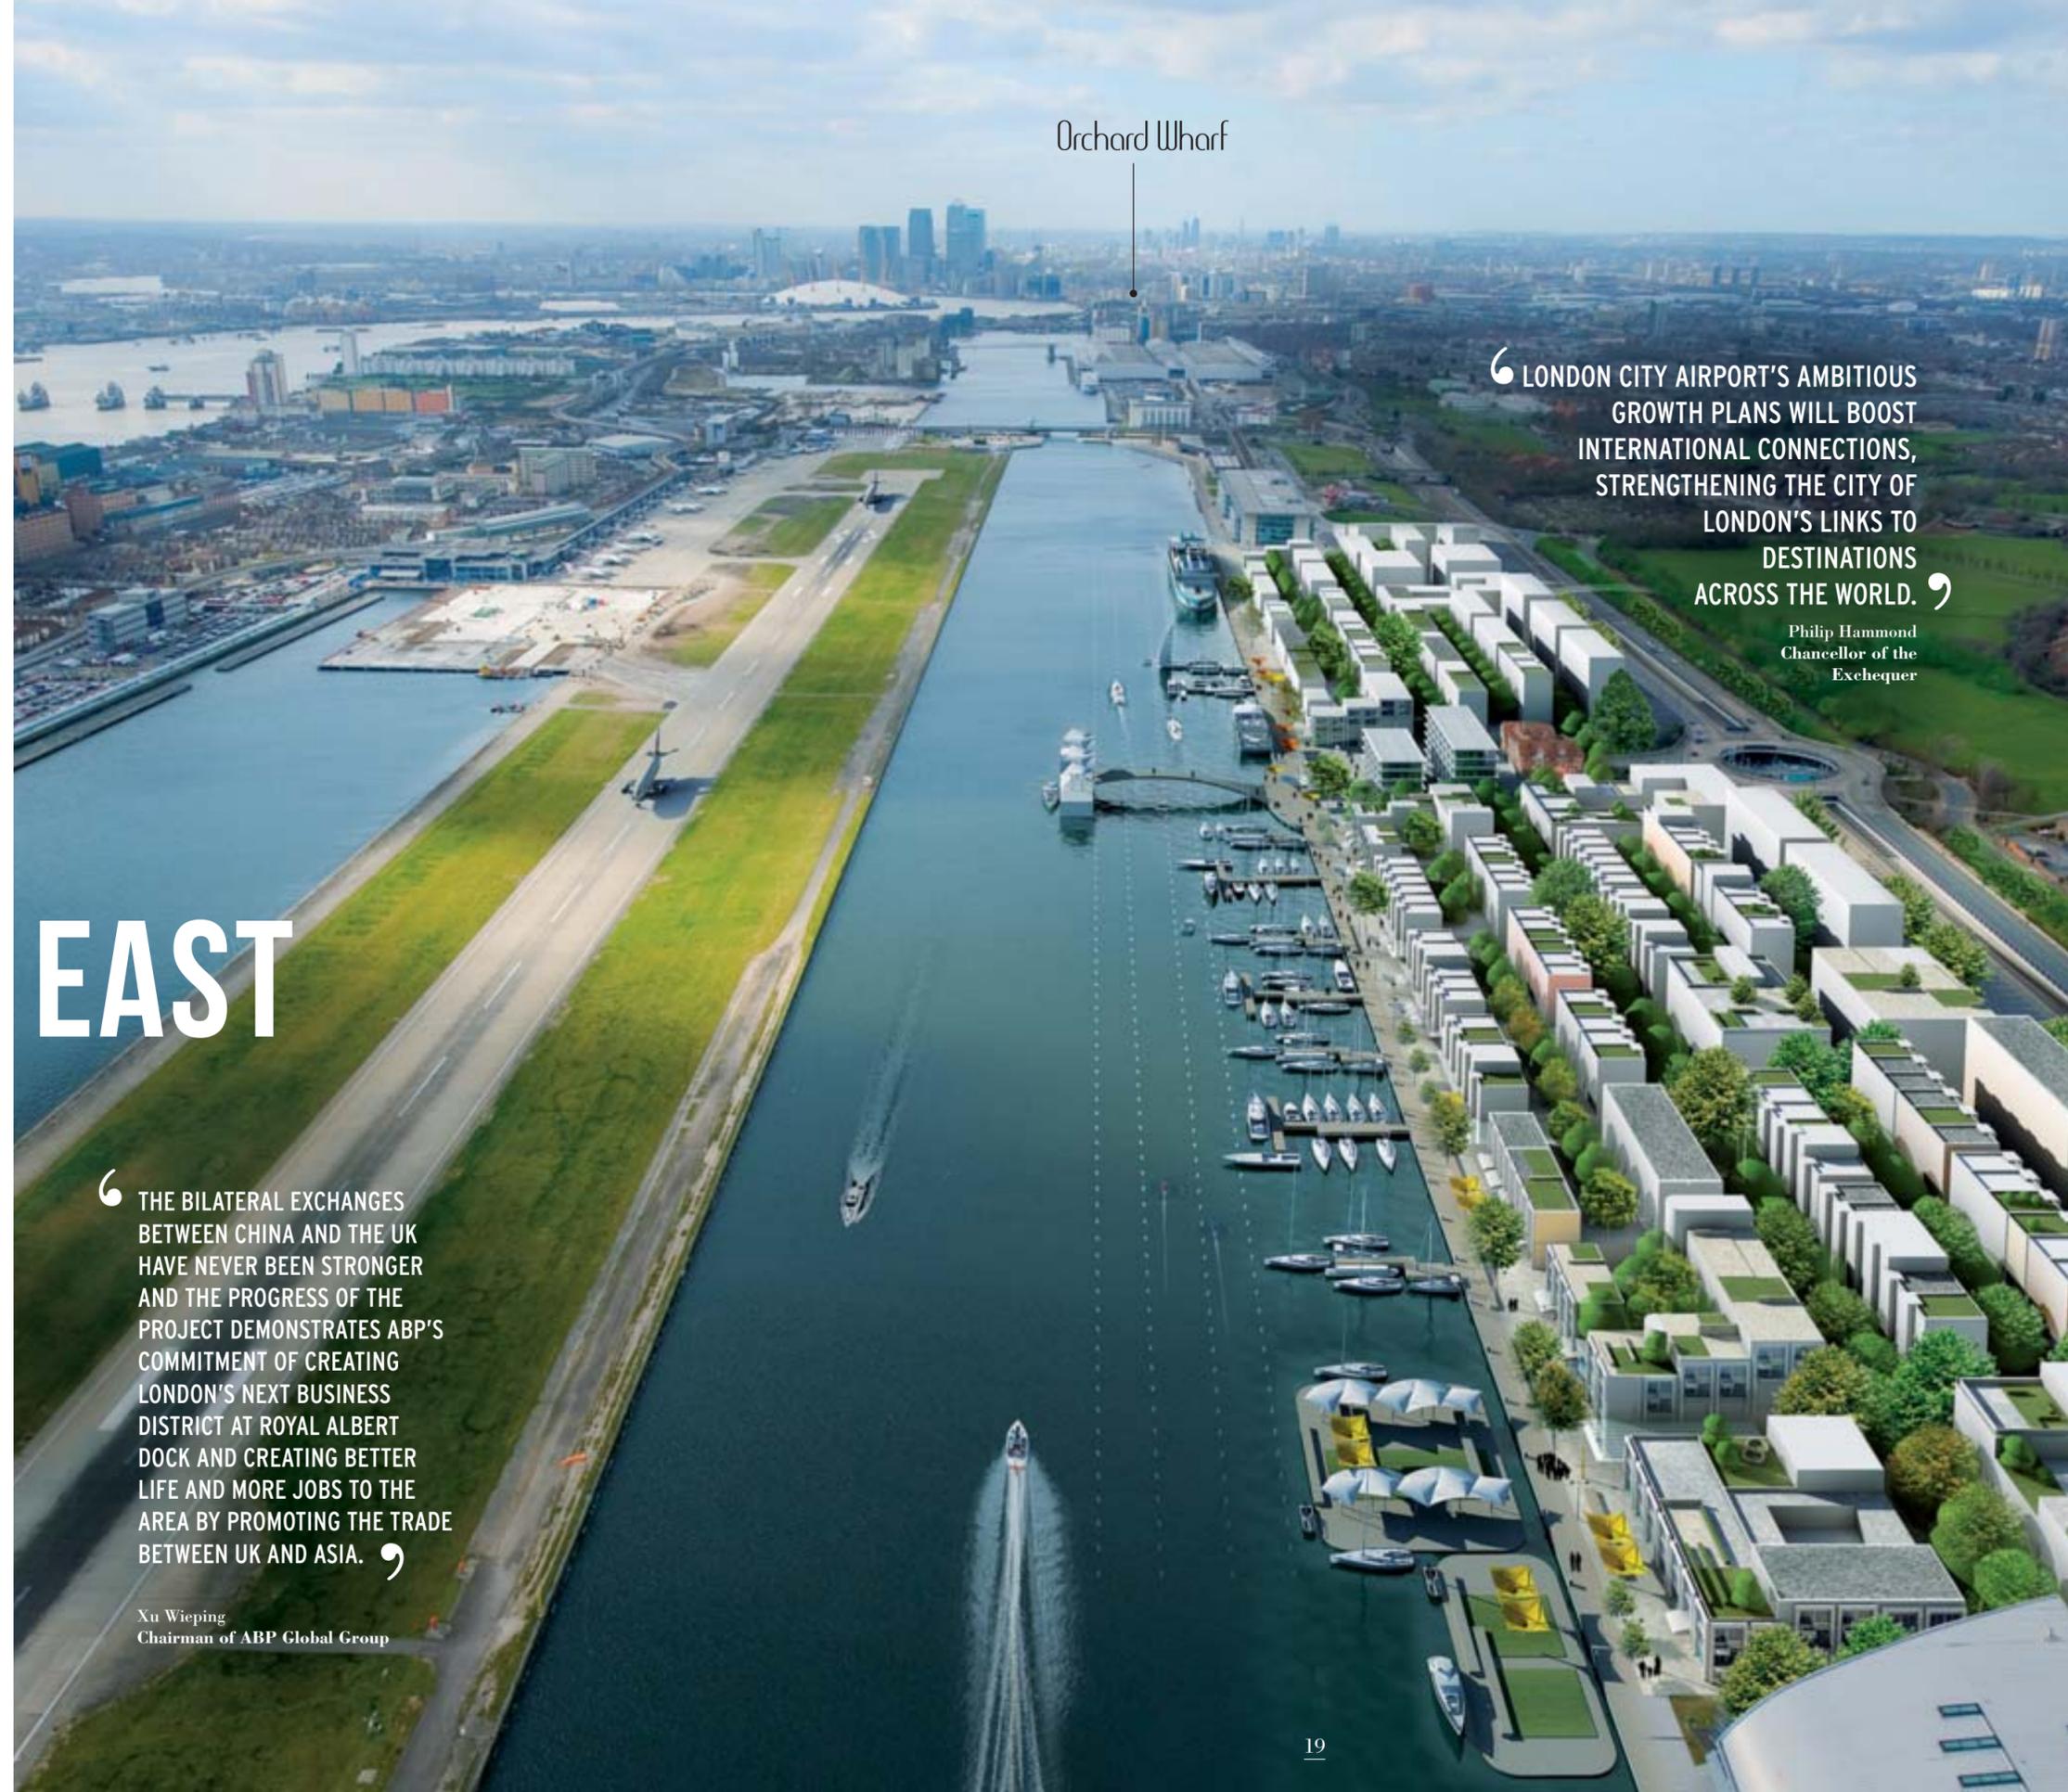

THE EXPANSION EAST

With 6 new destinations added in 2016, including Bergerac, Alicante, Berlin and Bremen, City Airport also announced a 5% year on year growth of passengers which exceeded 4.5 million - driven by expansion in routes and investment in facilities.

The airport is now a vital hub and international gateway for business travel, with its 10 minute check-in times and direct DLR connections to both Canary Wharf and the City, boosting the percentage of business passengers to 52%.

- Planning permission has now been granted for the £344 million City Airport development programme.
- With construction beginning in 2017, the expansion is forecast to enable the handling of 6.5 million passengers by 2025 and a further 29,000 flights a year.

Orchard Wharf

“LONDON CITY AIRPORT'S AMBITIOUS GROWTH PLANS WILL BOOST INTERNATIONAL CONNECTIONS, STRENGTHENING THE CITY OF LONDON'S LINKS TO DESTINATIONS ACROSS THE WORLD.”

Philip Hammond
Chancellor of the
Exchequer

“THE BILATERAL EXCHANGES BETWEEN CHINA AND THE UK HAVE NEVER BEEN STRONGER AND THE PROGRESS OF THE PROJECT DEMONSTRATES ABP'S COMMITMENT OF CREATING LONDON'S NEXT BUSINESS DISTRICT AT ROYAL ALBERT DOCK AND CREATING BETTER LIFE AND MORE JOBS TO THE AREA BY PROMOTING THE TRADE BETWEEN UK AND ASIA.”

Xu Wieping
Chairman of ABP Global Group

Orchard Wharf

THE TRANSFORMATION AND RE-VITALISATION OF THE ROYAL DOCKS IS SET TO CREATE UP TO 60,000 NEW JOBS - TWICE THE ORIGINAL PROJECTION. THIS ENTIRE WORKFORCE WILL BE WITHIN 10 MINUTES ON THE DLR FROM ORCHARD WHARF

The pinstripes that so epitomise the City now rub shoulders with the sneakers and cultural verve of Shoreditch, where tech city grows and knows no boundaries, East London is an established hotbed for entrepreneurialism tagged by its street art and labelled for celebrity status. For residents at Orchard Wharf, there is both a vast rental catchment and fashion led artisan niche pocket of London waiting to be explored and enjoyed around the corner.

A FLOURISHING NEW NEIGHBOURHOOD

FROM FORMER IRONWORKS AND SHIP BUILDING TO ECO WETLANDS,
ARTS AND THE NEW HOME OF ENB

It is no coincidence that English National Ballet and English National Ballet School are consolidating their facilities and relocating to new state of the art training and rehearsal studios in the heart of East London's regenerating quarter, minutes from Orchard Wharf, Canning Town and Trinity Buoy Wharf - which is already home to an emerging creative and arts cluster.

The entire vicinity is becoming a new destination for London led by City Island, Orchard Wharf and the close proximity of the Royal Docks.

Central to this high end residential enclave lies Bow Creek Ecology Park, originally osier beds and now a quiet sanctuary that has undergone significant landscaping works, which in turn have led to the park being designated a site of metropolitan importance with green flag award status for the fourth year running.

TYPICAL FLOOR LEVEL

The apartments are arranged around four independent entrance cores with luxurious duplex living space at ground and first level within the tiered building fronting Leamouth Road.

As the apartment levels ascend, each tiered step provides a fabulous communal landscaped roof terrace and garden, with Block A rising to 23 levels, crowned by three magnificent penthouse apartments with extensive dual aspect terraces. Many upper level apartments will enjoy panoramic skyline views stretching across Canary Wharf to the heart of the City and West End.

GROUND FLOOR LEVEL

The principal double height reception foyer and concierge desk will be located within the tower which is linked to the adjoining building by a two storey podium.

The ground level will also incorporate a private residents' lounge, a sheltered outdoor recreational space, an innovative courtyard pavilion, a café/retail facility and extensive raised gardens, inspired by the indigenous landscape and neighbouring ecology park.

A lower ground level will provide (limited blue badge) car parking, two Zip Car spaces and secure cycle storage.

The interior designed double height entrance foyer and concierge desk will exude a sense of ambience and refined opulence when entering the tower at Orchard Wharf.
