SPRINGBANK

40a High Street is the perfect example of a well-designed and solidly built home. Its frontage is pleasing on approach, with nods to more traditional properties in both its shape and the use of local stone facing and red bricks framing the windows. The property sits within its own private gravelled driveway and there is ample space to park several vehicles. Built just over ten years ago, the windows are all double glazed and in good condition.

Under the attractive tiled porch and in through the front door and you'll find the home is very well maintained and cared for, having had just one owner from new. The living room is at the front of the property, a lovely, practical square space with plenty of room for a 3 piece suite. The wooden floor and electric woodburner, make the room cosy and welcoming and in fact, there is underfloor heating throughout the ground floor. Next, there is a 2nd versatile reception room which is currently being used as a home office with two workstations, this would work equally well as a playroom or occasional ground floor guest bedroom.

The open plan kitchen/dining room is perfectly located at the rear of the property in a single storey extension and is an absolutely wonderful space. A beautifully fitted, in-frame shaker style kitchen painted in beautiful colours fills one side of the large space with a dining table in the middle. The current owners have created an additional seating/library area on the other side of the room with triple bi-fold doors opening out onto the garden. An incredibly practical and enjoyable room, the space also offers plenty of built in cupboards and is light, bright and extremely welcoming.

The garden is beautifully maintained with a patio area at the rear and a nice lawned space surrounded by plenty of cottage style planting. The garden also benefits from a large, traditional style, wooden clad garage which would make an excellent workshop and generous tool/potting shed. The external space is extremely pleasant, private and manageable in size, catching the sun throughout the day with its South facing aspect.

Upstairs the house offers four double bedrooms - two of which are particularly generous in size with large built-in wardrobes. One double also offers an ensuite shower room,

tastefully fitted and (in common with the whole house) well maintained. The family bathroom is a very good size with a separate freestanding shower, bath and bidet.

This property is the perfect home for a busy family - flexible space, attractive garden, off street parking and no need to renovate. Book your viewing today.
