# LET'S MOVE TO TOPSHAM

**TRANQUIL, QUIANT & COSMOPOLITAN**

**Consistently rated as one of the most desirable places to live in the UK, Topsham appeals to all types of home-hunter.**

Situated on the banks of the Exe Estuary and surrounded by nature, it's easy to fall in love with the town on your very first visit, which is why so many sightseers return to lay down roots. Its excellent school and pre-school, play group, open air swimming pool and other outdoor pursuits appeal to families looking to settle down, while the more mature residents enjoy its range of clubs and societies, along with an assortment of amenities that mean they rarely need to travel out of town.

Eating out is a popular past time of the locals, which is to be expected, given the high quality restaurants to choose from. There's something for everyone, from the award-winning Essence of India to the more traditional Salutation Inn and the Galley Fish Restaurant – one of many fine seafood eateries.

Washing down the cuisine with a beverage or two is also a joy with a wonderful selection of pubs including the Topsham Cellar offering their own selection of 5 award winning wines produced at their vineyard less than 2 miles away. Topsham is also renowned for its cream teas, purveyed in many a quaint West Country Café and farm shop.

Getting to and from Topsham couldn't be simpler with a regular rail service to Exeter, Exmouth and even London, a handy motorway network and Exeter International Airport enabling residents to easily travel overseas.

When it comes to property, Topsham is famous for its Dutch-style houses and Victorian terraces while more contemporary developments ensure a charming mix of the old and new. As you would expect, demand for property is high but once you're fully installed as a Topsham resident there'll be no turning back.

# WILD ABOUT TOPSHAM

---

Much of Topsham's appeal is its undoubted 'Exe Factor'; that is, its wonderful array of wildlife that sits right on its doorstep.

The Exe Estuary is a haven for a wide variety of birds such as Bar-tailed Godwits and Brent Geese that roost in the picturesque reserves and marshes.

Be at one with nature - what a better way to live

BUILDERS OF FINE HOMES

Many housebuilders use the word, but heritage really is integral to the design and creation of our exceptional British homes. For us, heritage is as much about the here and now, and the future, as it is the past.

**Your prestigious home is a timeless statement of quality and craftsmanship – providing an outward expression of exquisite taste and enduring style, and a personal sense of place and belonging.**

With these themes central to our design brief, each and every Heritage Home is conceived and constructed with proven dedication and expertise, and meticulous attention to the finer details we know matter so much.

All this, of course, must come hand in hand with the very highest

environmental standards we've become synonymous with. With Heritage Homes, we've proven that energy efficiency and low-carbon technology can – and should – come hand in hand with superior quality and timeless appeal. And that applies across our portfolio, from contemporary detached family homes to character cottages and stylish apartments.

Perhaps it's because we put the people who will live in a Heritage Home at the very heart of our creation, from the very start of the design process.
