PROPERTY INFORMATION

This delightful home is not only well planned and practical in design but also spacious with light and airy accommodation throughout. As you enter the home you are greeted by the welcoming reception hallway that provides access to the principal ground floor rooms. The lounge is very stylish with a log burner and access to the conservatory. The kitchen/breakfast leads then into the family room/snug which can become more of an open plan design if required. There is a home office too on the ground floor which could become a fifth bedroom if needed. Upstairs is a large landing with plenty of storage space. The master bedroom has dual aspects, built in wardrobes and an en-suite, the remaining bedrooms are all doubles and there is the family bathroom.

The garden is a particularly special feature being sunny and having been landscaped to provide colour and year round interest, it is a delight. Finally, there is plenty of parking for several vehicles with a detached double garage, part of one half has been converted to provide a workshop/store room which is really useful.

The location is ideal for those wanting an individual home within a highly regarded residential location. Walking to town or to the Kenilworth cricket club and open countryside is very easy, it is also easy for commuting in and out of town.
