SETTING THE SCENE

Sitting on the edge of the development, this home can be found just off the road with a low level hedge border, lawn garden and planting beds to the front and side of the property. Access can be found via some steps to the front of the property or via the side door, underneath the carport leading into the utility room.

THE GRAND TOUR

Entering via the main door, you are immediately presented with the lobby with coat storage and entrance directly into the cloakroom with two piece suite and radiator. To your right is the well-lit, dual-aspect sitting room with wood effect flooring and large open floor space. To the left hand side of the property the dining room and kitchen space open into the utility room. The kitchen features ample wall and base mounted storage, integrated dishwasher, one and half sink with waste disposal chute and water softener underneath, dual integrated oven and gas hob with extraction above. The utility space offers additional storage and space for further white goods with access door out onto the driveway. The first floor landing leads to all of the rooms plus two additional useful built in storage cupboards. Directly ahead of you is the largest of all the bedrooms, with vaulted ceilings and Velux window, this space sits directly above the carport and is a wonderfully versatile space. The main bedroom is at the front of the property with timber frame double glazed window and a three piece en-suite shower room with walk-in shower, next to this is the smaller of the four bedrooms, an ideal home office or currently serving as a dressing room. The final bedroom is also found with a front facing aspect, great floor space and built in storage. Finally, the family bathroom features a three piece suite with wall mounted shower and gas radiator.
