The former NatWest bank in Pulborough was sensitively converted around 2018 into six individually-designed apartments. This two bedroom property sits on the second floor of the handsome 1930s building, with panoramic views over rooftops towards the South Downs.

The current owner has lived here from new and has further improved the apartment since then, including a recent programme of redecoration. Light and airy, the property features an open plan living/dining / kitchen with integrated appliances including a Bosch fridge and freezer plus a Zanussi induction hob. The space feels very sociable, warm and welcoming. The principle bedroom is dual aspect and offers the most amazing views to wake up to. The second bedroom is currently used as a home office, with bespoke fitted furniture, including cupboards, drawers, integrated lighting, charging solutions and sliding features. The smart bathroom is clearly of a very high specification too. The entrance hallway has a built in cupboard and an alcove for a washer/dryer.

An ideal "lock up and leave" type home, it's only a moments walk from Pulborough station, with direct routes to London and Gatwick. All local amenities are close by, including a selection of shops, bars, cafes, restaurants and takeaways, plus two supermarkets, doctors, dentists and so on. There is on road parking nearby and the property could be made available almost fully furnished if the next owner is looking for a really easy "turnkey" purchase.
