Residential Sales Particulars

19, Avon Mill Place, Pershore, Worcestershire WR10 1AZ

Situation

Avon Mill Place is a residential development created in 2002 built on the site of the old Pershore Mill. The development is now managed by the residents who maintain the high standards of the properties and the mooring facilities in the inner basin. The property accommodation is planned from the first floor having a large garage on the ground floor to facilitate the flow of the River Avon. Number 19 has a southerly aspect overlooking the mooring pontoons which are serviced and its own terraced garden. These popular properties are within walking distance of Pershore towns facilities and offer an excellent riverside home with views of the river.

The historic market town of Pershore is Georgian styled and provides high street shopping facilities and supermarket together and leisure complex. The river Avon runs to the east of the town lending itself to scenic walks and leisure pursuits. There are two medical centres and hospital and town library, together with excellent educational facilities within the area. Pershore has Number 8 which is run by voluntary help and provides theatre activities, a cinema, ballet and yoga classes and is very much a part of Pershore community living.

The new Worcestershire Parkway Station has been developed to improve the access and destinations to the southwest, the northeast, London and the Thames Valley, so significantly enhancing Worcestershire's connectivity to outlying regions. The motorway is approximately nine miles distant at Worcester junction 7 of the M5, bringing Birmingham to the north and Bristol to the south within commutable distance. Other main centres are Stratford-upon-Avon with the theatre and racecourse, Cheltenham with National Hunt horseracing, the Everyman Theatre and superb main shopping facilities. Worcester with its famous Cathedral and equally famous cricket club together with the River Severn and pedestrianised shopping centre
