

The objective

As vendors, we are trying to ensure that the purchaser does not use the wood or meadow for anything which would be a nuisance to neighbours - such as vehicle racing, or anything noisy or smelly - and so we agree a covenant with our buyers. The purchaser will also be asked not to subsequently divide the ownership of the wood or meadow into smaller units or erect signboards on the woodland or meadow.

However, we are also keen to support ideas that buyers have for developing low impact woodland crafts and woodworking – the sort of activity which is in harmony with a sustainable woodland environment. Our covenant is not intended to stop owners from engaging in any woodland-friendly activities such as beekeeping, running occasional bushcraft courses, archery and the shooting of air weapons.

The covenant is not intended to stand in the way of "One Planet Developments" in Wales where sustainable development may be appropriate in suitable woodlands.
