Sam says:

“This is such a spacious home that's in a great position and there are so many wonderful details to mention! The living room is to the front of the property and has been decorated beautifully. The open plan layout leads you into the extended kitchen diner to the rear. The kitchen itself has an impressive amount of storage space and a large breakfast bar as well as a gas hob, integrated dishwasher and space for a freestanding fridge freezer. As if any more space was needed, it's even got a utility room with access to a guest WC! A real feature downstairs is the extension, which has created a dining room with a gorgeous skylight and bifold doors, which flood the room with natural light. The middle floor has a family bathroom and 3 great sized double bedrooms, but a real selling point of this home is the master suite on the top floor, which includes fitted wardrobes, an en-suite and a separate office space. As you open the Juliet balcony doors in this bedroom, you're greeted by birdsong and a lush green woodland view! Outside in the garden, the sellers have created a great patio area and have converted the rear of the garage into a separate media room! (A great place to send the noisier family members to play!). I'd say this house would make a wonderful family home and is a real must see to appreciate all of its great features.”

A message from the seller:

"We have lived in this property for about 3 and a half years and decided to move only because our sons go to a school which is far way and the everyday commuting is becoming challenging for us. We have loved the time we have spent here and have put a real effort in decorating the house. A specific point that I'll miss is the huge master bedroom and its views. This is definitely one of the highlights of the property. The house position enables great views out to the park in front and the Spring will be especially colourful as we planted many tulips in the front garden! We love hosting and the house extension offers the possibility to integrate the backyard, the dinning room and the garage into one big space to accommodate guests in different occasions!"
