Shared Ownership

Shared Ownership allows you to buy a share of the property (between 10% and 75%) and pay a monthly rent on the remaining share, which Muir own.

How it works

Because you are buying a share of the property, the deposit you need is a lot smaller.

You will typically need a deposit of just 5% of the share you are buying.

You pay a deposit and legal fees. Your mortgage is based on the size of share you buy. You will pay a monthly rent on the remaining share. A service charge will apply for buildings insurance and if there are any communal areas to maintain.
