RELAX, REVIVE, RIVERSIDE

Lea River Park

Canals and waterways

People in Tower Hamlets have access to more water spaces than any other London borough.³ That means kayaking or paddleboarding your way around the waterways that run through the enormous 26-mile long Lee Valley Regional Park.⁴

Three Mills Island

Grade I listed tidal mill. Island oasis. Iconic film studio. 3 Mills Studios is the birthplace of blockbusters from Wes Anderson and David Cronenberg, and has welcomed stars like Sir Paul McCartney and Beyoncé.² Not bad company a waterside stroll away.

LONDON'S "GREEN LUNG" WITH 10,000 ACRES OF REGIONAL PARKS †

The Lee Valley is known as London's 'Green Lung', encompassing award-winning parks, towpaths and sports facilities, ideal for spending leisurely afternoons or evening strolls.

INSPIRED BY HISTORY, MADE FOR THE FUTURE

Three new buildings rise above the meeting point of the River Lea, Bow Creek and the Limehouse Cut. The architecture reflects the industrial heritage of this conservation area. Traditional red brick façades and pitched roofs echo the historic wharves and warehouses of the east London context.

Every aspect of Three Waters has been designed to make the most of the waterfront location. The raised garden, the roof terrace, the private balconies, even the three buildings themselves; each element is cleverly arranged to offer you far-reaching views of the water, benefiting the well-being of you and your family and creating a tranquil space to call home.

EXTRAORDINARY CRAFT AS STANDARD

We've crafted communal spaces to help your life flow smoothly.

As you step inside, find the Three Waters' facilities at your fingertips. Make your way to the stunning lobby space or to the roof top terrace, both designed as a welcome home for you and a wow moment for your guests.

Even the hallway's hand-crafted – the often overlooked postbox corridor has been reimagined to reflect the architecture of the surrounding buildings.

Postbox corridor

The 24-hour concierge connects you with whatever you need for a hassle-free day – greeting guests, handling packages, a friendly face whenever you're home.

“ The raised garden links our sculptured buildings, offering you a private neighbourhood park – a calm space enriched with direct views across the water, and with someone else looking after the upkeep. ”

TIM WHYMAN
Head of Design, Mount Anvil

MORE THAN JUST A PLACE TO LIVE

Peabody creates great places where people want to live, adding value by upholding high design standards, investing in long-term homes and making a positive difference through ongoing commitment to communities.

Our mission is to help people make the most of their lives.

BUILDING HISTORY

Formed 160 years ago by the American financier and philanthropist George Peabody, Peabody is one of the UK's oldest and largest housing associations. Together with Catalyst Housing who joined the Group in 2022, we are responsible for more than 104,000 homes across London and the Home Counties.

SOCIAL IMPACT

In line with our social purpose, Peabody re-invests its surplus to provide more homes and services. We deliver services to 220,000 residents, supporting customers and the wider communities in which we work. We focus on those who need our help the most, working with people and communities to build resilience and promote wellbeing. We invest around £11m each year through our Community Foundation, to support people to be healthier, wealthier and happier.

QUALITY DESIGN & SUSTAINABILITY

Peabody's reputation is one of the most respected in the housing industry, renowned for high quality, innovative design. We work with industry experts and continually monitor quality throughout the design, procurement and development process. We aim to make a positive impact on climate change for our residents, communities and the environment, with an ambition to achieve net zero carbon in our new and existing homes by 2050.

CUSTOMER FOCUS

Over 90% of customers said they would recommend Peabody. Our customers' feedback helps shape the design of our homes and community services based on the needs of each neighbourhood. We value our customers and listen to what they have to tell us. Peabody are proud to have achieved 'Gold' in the independent customer satisfaction awards three times in a row and strive for excellence in all that we do.

STRONG GROWTH

With a growing pipeline, Peabody continues to invest in building quality new homes with high design standards. We create homes in great locations which are safe, easy to maintain and long-lasting. Peabody delivers long-term returns on investment. With an asset base of £8.3bn, Peabody is well placed to build thousands more top quality, well-maintained homes each year.

AWARD WINNING

In recent years, Peabody has been recognised and awarded more than 60 prestigious awards, including the Sunday Times 'Homebuilder of the Year' and the Grand Prix award at the Evening Standard New Homes Awards. We also work with award winning partners who share our values, high design standards and focus on great customer experience.
