Interior Design

We're committed to creating high quality, contemporary living spaces. Our homes offer well thought out kitchens, designed for practicality and durability as well as aesthetics, living areas with an abundance of natural light and spacious master bedrooms.

Each Laurus home includes an exceptional specification which boasts a carefully selected range of stylish Symphony kitchens, sleek integrated appliances, modern white sanitaryware and Porcelanosa tiles.

We choose award-winning architects as our partners. Together, we create living spaces with plenty of space and attention to detail, making homes that welcome everyone and are a joy to live in.

It's not only our interiors we design with you in mind but our outdoor space too. We work alongside landscape architects to complete our homes with landscaped front and back turf gardens, so your home extends further.

Buying your home with Laurus means you're choosing a developer who puts care, thought and attention to detail into every property – and which puts you, our customer, at the centre of all we do.

Each Laurus home goes through a robust quality assurance process to make sure everything is just right before you move into your new home.

Options to buy

Shared Ownership

As a government-backed scheme, Shared Ownership offers you the chance to buy a share of your home between 25% and 75% of the home's value and pay rent on the remaining share. Buying a share of your home means you can often have a smaller deposit and mortgage.

It can be an ideal way to buy a home for first-time buyers, as well as those who have owned a home in the past and now wish to get back on the property ladder.

The Benefits of Shared Ownership:

A smaller mortgage

Through Shared Ownership aspiring homeowners can buy a 25 to 75% share of a new build home and pay reduced rent on the rest meaning a smaller mortgage and you'll pay a reduced rent on the rest.

Stamp Duty savings

When buying a property through Shared Ownership, you don't have to pay stamp duty on the shares that you buy*.

A smaller deposit

Through Shared Ownership buying a 25% share of a £250,000 home would require a deposit as low as £3,125 (5% of a 25% share of a home).

Owning 100%

Staircasing to home-ownership:

Staircasing is when you are increasing the share of the property you own gradually over time, until you eventually own 100% of the property. The cost of these additional shares is calculated by the market value of your home when you begin the process.

Your home

Because you're buying your home you can personalise it and make it your own.

* You can claim a discount (relief) so you do not pay any tax up to £300,000 and 5% on the portion from £300,001 to £500,000. You're eligible if you, and anyone else you're buying with, are first-time buyers and you complete your purchase on or after 22 November 2017. If the price is over £500,000, you follow the rules for people who've bought a home before. Subject to Government policy as of April 2020 and is subject to change. Speak to your Sales Advisor for more information.

Making a difference in your community

At Laurus Homes, we do more than just build homes. We strive to create neighbourhoods that benefit the community and the wider society, and we put this at the heart of everything we do.

Our community-focused and profit-for-purpose approach to every project mean we make positive differences in people's lives and act as a catalyst for regeneration. In practical terms, this means we use our resources to lend a helping hand through affordable housing and community projects. We think everyone deserves a special place to live, so we design homes for all.

We re-invest our profits to achieve social, community and environmental benefits, meaning we grow the communities we need, where you need them.
