Your Home

Buying a new house – whether it’s your first or your third – is a big commitment, and you need to feel that you’re making the right decision.

With our brilliant customer care, NHBC accreditation and work with the Home Builders Federation, you can rest assured that a William Davis home is a home for life.

NHBC

NHBC is an independent, non-profit organisation designed to improve the quality of British homes by setting and monitoring house building standards, and William Davis is an approved NHBC Registered Builder. Being one of NHBC’s Registered Builders doesn’t just mean that we follow their house building standards; an NHBC expert inspects every one of our homes during key stages of the build, ensuring your home is finished to the very highest quality.

Then, when you move into a William Davis home it is immediately protected by NHBC Buildmark, a 10-year warranty and insurance policy that begins as soon as you exchange contracts. For the first two years your home is covered by our initial warranty, which means that if you have any problems with your home we’ll sort things out. After the builder warranty has ended, your home will continue to be protected by our insurance cover until 10 years after completion.

A five-star house builder

Every year, the NHBC runs a new home satisfaction survey on behalf of the Home Builders Federation, the UK’s main representative body for the house building industry.

The national survey polls owners of new homes on everything from the buying and handover process to the design and layout of their property. They’re also asked whether they’d recommend their builder to friends.

For seven years running, more than 90% of our surveyed homeowners have said they would recommend us to a friend, leading to William Davis receiving the maximum five-star rating.

Customer Services

Having spent all these years working closely with our customers, we know it’s important that we do everything we can to make finding your new home easier.

Brilliant customer service is central to everything we do. Whether you need advice on your buying options or want to know more about the local area, we’re only a phone call away. And the experience doesn’t end when you step through your new front door. Our after sales care is second to none, and even includes a 24-hour callout and repair service for new homeowners; so, if you need urgent help, we’ll always be there.

All information in this brochure, including home, development, and location details, is correct to the best of our information and belief at the time of print. Where we’ve mentioned distances, travelling times, or routes, these are for general guidance and assume journeys by car. Times will vary according to traffic. Images are used for illustrative purposes, and the styling of your home may vary from those shown. The details of this brochure don’t form part of any contract or warranty. If you’d like further details, speak to your sales consultant and then check these details with your conveyancer.
