A classically styled, three-storey semi-detached house with off-road parking and front and rear gardens. Built in 2022 by David Wilson and benefiting from a remaining portion of the new-build NHBC certificate, this family home occupies an elevated plot on the edge of the popular Earls Barton village development, The Wickets. The property features off-road parking, front and rear gardens, and upper-floor countryside views to the front aspect.

The ground floor accommodation includes an entrance hall, kitchen, cloakroom, and sitting/dining room. The first floor comprises two double bedrooms, a family bathroom, and a useful under-stairs study area. The second floor boasts a large dual-aspect master bedroom with part-vaulted ceilings and a three-piece en-suite.

Situated approximately 6 miles from Northampton town centre, Earls Barton stands out as one of the most vibrant villages in Northamptonshire. Offering a diverse range of local independent facilities, including hairdressers, butchers, cafes, convenience stores, newsagents, a chemist, a doctor's surgery, a library, and a variety of restaurants and public houses.

The Property

Entrance Hall

The entrance hall is accessed through a composite six-panel door with a glazed top light and a three-bar locking mechanism. The flooring is finished with oak-effect luxury vinyl tiles arranged in a herringbone pattern. A carpeted quarter winder staircase with painted balustrades and an oak handrail leads to the first-floor accommodation. Panelled doors open to the cloakroom, kitchen, and sitting/dining room.

Kitchen

Continuing with the oak-effect herringbone flooring that flows from the entrance hall, the kitchen benefits from good natural lighting from the front casement window which provides partial countryside views. There is a range of modern, Shaker-style base and all units with marble effect work surfaces and a modern stainless-steel sink and drainer with mixer tap. Built in appliances include fridge/freezer, electric oven, washing machine/tumble dryer, and dishwasher. A four-burner gas hob with brushed chrome extract hood and light over completes this practical and modern kitchen.

Sitting/Dining Room

Located at the rear of the property, the sitting room features delightful patio doors with matching side casement windows that open onto the rear garden. The oak-effect herringbone flooring flows seamlessly from the entrance hall, and additional natural light is provided by a side casement window next to the dining area. The room includes useful under-stairs storage space and is neutrally decorated.

Cloakroom

Located to the front of the property and fitted with a close coupled WC and corner wash hand basin, the cloakroom has flooring which flows through from the entrance hall and mechanical extract ventilation.

First Floor Landing

Fitted with cut-pile carpet, the landing features four-panel doors that open to bedrooms two and three. There is a useful laundry cupboard and an over-stairs cupboard providing ample storage space. A panelled door leads to the stairwell ascending to the second-floor accommodation, with space beneath for a study area. Natural light to this area is provided through a two-unit casement window overlooking the rear garden.

The Property

Bedroom Two

A good-sized double bedroom located at the front of the property, featuring a two-unit window that offers partial countryside views and natural light. The room includes space for storage and is finished with cut-pile carpet.

Bedroom Three

Family Bathroom

A bright and attractive space fitted with a four-piece suite comprising a bath with a chrome mixer tap, a shower cubicle with a hinged glazed screen, a close-coupled WC, and a large ceramic wash hand basin with a pedestal and chrome mixer tap. Neutrally decorated, the bathroom features ceramic tiles above the wash basin and bath, and full-height ceramic tiles in the shower area. The floors are finished with geometric sheet vinyl. A frosted two-unit window at the front provides natural light and ventilation. Additionally, mechanical extract ventilation has been installed, and a wall-mounted ladder towel rail provides heating.

Second Floor Master Bedroom

An impressive, part-vaulted, dual-aspect space featuring a dormer window to the front with pleasant countryside views and two Velux windows to the rear, providing abundant natural light. Three-door low-level eaves cupboards are located on the right-hand side of the room to the front and rear. The floors are finished with cut-pile carpet, and a four-panel door opens to the master bedroom en-suite. A hinged ceiling hatch provides access to the apex roof void.

Master Bedroom En-Suite

Fitted with a three-piece suite comprising a double-width shower cubicle with a sliding glazed screen, a ceramic wash hand basin with pedestal and mixer tap, and a close-coupled WC. The floors are finished with marble-effect sheet vinyl. Heating is provided by a wall-mounted ladder towel rail, and mechanical extract ventilation has been installed.

Grounds

Front Aspect

The property is approached via a shared driveway set back from Mackintosh Road, bordered by a hedge and grass verge. To the front elevation, there is a small, well-maintained garden with a lawn, established shrubs, and a pathway leading to the front entrance, which features a canopy over. To the right-hand side, there is off-road parking for several vehicles and gated access to the rear garden.
