Additional Products & Services

Offices by the day

Should a client wish to meet you at your premises, we can provide you with a fully furnished office or room on a daily basis. This is an ideal option for home workers who need to create the right impression with their customers but do not need a permanent office. Each office would normally be provided with:

- 1 desk
- 2 visitor chairs
- Telephone
- Broadband connection
- Use of reception service

Different furniture can be provided (if available in the centre) to suit your needs, whether you are using the room for a financial consultation with a customer through to a more personal consultation with a patient.

Meeting Room Hire

We have meeting room facilities that can be hired on an hourly, 1/2 day or daily basis. The rooms can be set out in a number of different ways and can be used for:

- Interviews
- Board meetings
- Training sessions
- Presentations

Our facilities can be hired by customers with offices in our centres and organisations from outside the centre.

Meeting room hire on an hourly, 1/2 day and daily basis is more economical than rooms charged on a per delegate basis.

A number of catering options are available in addition to the normal tea/coffee/water refreshments.

Virtual Office

Our Virtual Office service is ideal if you want to create the impression that you have an office but don't actually need one. It is also useful if you need to create a regional presence.

The service is also great if you need someone to take calls for you during business hours when you are occupied with client meetings, supplier meetings, paperwork and all those time consuming tasks you perform in keeping your business running.

With a Virtual Office, we provide you with a telephone number and either answer the calls in your business name or forward them directly to you. The service also provides you with the ability to use our address for your post.

If you do not need the call answering element of the service, then we can just provide you with a mailbox for receipt of your post.

Broadband

We have a range of Broadband packages designed to suit the needs of you and your business. Please see the enclosed/attached leaflet explaining exactly what we can provide.

Administration & Support

Secretarial support and administration services are available from our professionally trained on site team. Whether you need a letter typed, a mailing sent out or some administrative work undertaken, our staff are ready and willing to help.
