Rear

A well kept and very private space which consists of a generous grass lawn and beautiful floral borders. The property also benefits from open grassland to the rear with a local nature reserve beyond. A wonderful place to enjoy the summer months.

INTERIOR - Ground Floor

High ceilings and plenty of natural light, a very welcoming space. A composite exterior door, a Central Heated radiator and a Double Glazed window to the front elevation.

Lounge and Snug

8.28m x 3.64m

A spacious open plan living area, with a separate snug. A beautiful stone built fireplace feature surrounded by decorative Portuguese limestone - note: a log burner would also be possible if desired. Large Double Glazed Windows to the front and rear aspects allow for lots of natural light and there is mood lighting to the walls. Additional note: The layout would work as a lounge and dining room to the rear. This would allow the current dining room to be used as a ground floor bedroom or a study, depending on preference.

Kitchen

4.18m x 3.85m

A fitted kitchen with tiled floors and space for a four seated dining table. The space benefits from an integrated electric oven and grill with five gas 'ring' hobs, including extractor fan above. The kitchen also accommodates a freestanding washing machine and a dishwasher. There is sufficient space for a large 'American style' stand alone fridge freezer if preferred. Additional storage provided by an internal storage locker located between the inner and outer rear door, ideal for storing shoes and coats if enjoying the lovely walks nearby. Large Double Glazed window to the rear aspect with rural views and a Central Heated Radiator.

Dining Room/Study/Bedroom

3.33m x 3.32m

A large space, perfect for busy family life. The room can accommodate a six seater dining table and two additional units, or alternatively can be used as a family room, a study, or even a fifth bedroom - a very versatile space indeed. Double Glazed windows to the front aspect and a Central Heated Radiator.

Bathroom

A modern installation, fully tiled with a bath and shower feature, a wash basin and a w/c. All fittings are stainless steel, the room also includes internal storage units and a silver wall mounted towel rail.

Shower Room

A modern installation with a standing shower, a wash basin and a w/c. A 'frosted' Double Glazed window to the side elevation and a Central Heated towel rack. Note: The shower could easily be replaced with a bath tub should the new owner prefer.
