Wallfields Close, Findern

Sam says:

This is a really lovely home in a fantastic area. I love how the downstairs space flows, with the lounge having a large bay window letting in lots of natural light and through to the dining room with patio doors out onto the decking. The kitchen is a great space having all integrated appliances including a tumble dryer! There is also an under-stairs storage cupboard in the kitchen giving even more space. Upstairs there are two fantastic sized double bedrooms and one single bedroom. Bedroom One has an array of fitted wardrobes, bedroom two also benefits from fitted wardrobes. There is a modern family bathroom with fitted storage. Outside the garden has a patio area, a decked area and an area of grass, there is access to the driveway through a gate and access to the part converted area via a side door. This room is currently being used as a gym but also could be used as an office space or even a playroom!"

A message from the seller:

"This house has so many amazing benefits from having the best neighbours to being economical to run. It's a corner plot on a lovely cul de sac with so many great families, couples and elderly residents that have lived there for over 30yrs! The cost of running the house is low as it gets plenty of sunlight and is well insulated. We took out the fire place when we bought it as the central heating system makes it super warm through the winter months. Findern is a brilliant village and we have very much enjoyed raising our daughters here."
