MODERN EFFICIENT HOME

If you're looking for a headache-free, future-proof home, read on. This intelligent four-bedroom house is as close to maintenance-free as you're likely to get thanks to far-sighted choices made by the owners who oversaw its construction. Materials used, both inside and out, will need little or no upkeep, and the modern heat recovery system makes the house extremely efficient to run.

KEY FEATURES

- A beautiful four double bedroom detached property
- An individual architect designed timber frame property
- Fantastic, vaulted Principal bedroom with ensuite bathroom
- Large and social kitchen diner
- Brand new air source heat pump, under floor to ground floor
- Wonderful vaulted glass entrance hall
- Double garage with a fully insulated office space above
- Beautifully maintained and landscaped gardens
- Lovely quiet village location
- A short drive from the mainline station and amenities of Diss

The name of the house translates as “ours” and indeed the care and attention these owners bestowed on the design and construction of their cherished home is evident everywhere. Designed by an architect and constructed by local craftspeople, the house is not just attractive to look at but is built from exterior materials – bricks, coloured render and cement board, and UPVC windows – that need little maintenance!

Step Inside

Double glass doors, flanked by two tall windows and with an angled glass roof above, leads into a soaring atrium. The owners wanted to make the most of this south-facing elevation and bring light and warmth into their home – and they succeeded! The house appears to open out before you, an effect aided by neutral cream walls, LED lighting and pale laminate flooring which is used throughout. Ahead, a stunning oak and glass staircase draws light upwards to the galleried landing. On your left a door leads to a spacious double-aspect sitting room with French doors to the garden. A cassette wood-burner sits flush against the wall into which it is mounted, an elegant modern iteration of a timeless feature. At the back of the house, the entrance hall opens out into a wide and asymmetrical family room with space for a dining table and occasional seating, even a piano. A second set of French doors leads to the garden. Set at an angle, a wide set of doors brings you into another interestingly asymmetrical room, the large kitchen-diner. Here, glossy cream units with pleasingly curved corners support silestone worktops – a highly practical heatproof material which doesn't mark or stain and is an ideal choice for kitchens. With few right angles or sharp edges, there's a gentle and enveloping quality to this amorphous kitchen. Little wonder the owner says it's her favourite part of the house!

KEY FEATURES

Energy-efficient Home

An Air Source heat pump powers underfloor heating throughout the ground floor while small and efficient ceramic radiators heat the rooms upstairs. A heat recovery system conserves and recycles generated warmth which, coupled with high U-value insulation, creates an extremely warm and energy-efficient home with lower than average associated costs.

Exploring Upstairs

Four double bedrooms and three bathrooms (two en-suite) make up the first floor accommodation. Sitting above the large sitting room, the master bedroom is of grand proportions with a tall semi-vaulted ceiling and windows on both the north and south elevations. Good design is evident in the stylish use of glass and waterproof panels instead of tiles in the bathrooms, and in the ample provision of built-in cupboards in all bedrooms as well as the family bathroom. A loft ladder on the landing leads to a boarded attic with power and lighting, great for extra storage.

Step Outside

Set back from the road behind a five-bar gate, the house overlooks lawns to the front. A detached double garage has a superb workspace upstairs in the pitch of the roof. There's room for at least two people to work in this lovely light-filled spot. A vegetable garden occupies the west side of the house while at the eastern end a delightful paved seating area is shaded by a pergola supporting a vine of Malbec grapes. Other specimens of note include Indian bean trees, a contorted willow, silver birch and a prolific walnut tree.

On The Doorstep

Gislingham has a village shop and a thriving village hall with many regular classes and events and a popular monthly pub night. The local playpark and playing field are very well kept and the village primary school has been rated "outstanding". Dog-owners and walkers will be pleased to discover so many country walks on the doorstep.

INFORMATION

How Far Is It To

Although nestled deep in the Suffolk countryside, Gislingham is well connected farther afield thanks to the proximity of the arterial A140 which will get you to Ipswich in a little over half an hour and Norwich in 45 minutes. Meanwhile Stowmarket, with its supermarkets, cinema, The John Peel Centre for Creative Arts, and renowned and respected youth centre The Mix is just 20 minutes away. From here are fast and frequent rail connections on the London-Norwich mainline, as well as services to Bury St Edmunds and Cambridge.

Directions

From Diss head west on the A143 and take the Burgate road south through Burgate to Gislingham. Turn left on to Thornham road and the property is on your left.
