DESCRIPTION

A rare opportunity to acquire a freehold commercial premises in this desirable area for owner occupation or residential conversion.

The property comprises a mid-terrace building of traditional brick construction beneath a pitched tiled roof.

The ground floor is arranged to provide an open plan sales area to the front along with workshop, storage and living accommodation to the rear, accessed via an alley.

The first floor has been soft stripped to allow for the proposed conversion works and benefits from high ceilings and excellent natural lighting.

The current planning permission negates the need for an extension to the property or conversion of the loft space. However, we do feel additional units could be obtained by utilising this and subject to the necessary planning permissions.

Furthermore, an extensive plot provides an additional opportunity to create some residential dwellings to complete the rear building line approached from either the adjacent access road or Belfry Drive- subject to planning.

LOCATION

The premises occupy a prominent position fronting Wollaston High Street.

Wollaston is a highly desirable area within close proximity to Stourbridge Town Centre, benefiting from a number of retail, food and leisure operators.
