Description

HQube is an innovative new development of Industrial / Business Units situated in the heart of High Wycombe.

The main section of the units is constructed of a steel portal frame with profile cladding under a pitched roof with plentiful roof lights. In addition, each unit has a shipping container with glazed frontage cleverly incorporated into the design, which is connected internally to the main unit providing an additional workspace with natural light.

Unit 7 benefits from roller shutter doors, 3 phase electricity, LED lighting, heat pump and air conditioning.

Location

The HQube development is located in Broom Way behind the Morrison's Superstore, just outside High Wycombe town centre, which has an extensive range of retail and leisure facilities.

High Wycombe is strategically located on the M40 motorway 30 miles west of Central London and excellent road communications are available to other principal towns in the Greater Thames Valley region. There are very good train services to London Marylebone with a fastest journey time of approximately 25 minutes.

Accommodation

The accommodation comprises the following areas:
