# Thames Way, Hilton

## Sam says:

"This home has a great feeling as soon as you walk in. It has been beautifully decorated by the current owners. The kitchen, diner, snug space is fantastic, it is modern and bright, the snug area has a bay window allowing extra room and light. There is plenty of space for a dining table and chairs. The home benefits from a utility room and a downstairs WC. A conservatory has been added to the back of the home which provides further living space and looks out over the lovely landscaped garden. On the first floor there is a lounge/double bedroom. The current owners use it as a bedroom, this also has a bay window which adds character to the room. There is a further double bedroom and a family bathroom. On the top floor there are two further double bedrooms, one having an en-suite shower room. There are plenty of built in wardrobes and storage space in this home making it practical for family life. The garden has been thoughtfully landscaped and leads out the back gate to the garage. This really does make a great family home allowing everyone their own personal space!"

## A message from the seller:

"Hello and welcome to our home! We have really enjoyed the time we have spent here it was our first home we bought so means a lot but it is time to move on, the location is perfect we love the fact it is in walking distance to the park and schools for the children and within a few minutes walk to the local shops and pubs, there are a lot of green areas in and around Hilton that are fantastic to explore. My favourite part about our home is that downstairs even though it is all separate it is great for the family to still be close and within talking proximity but far enough away you have your own space. The bedrooms are perfect for all the children to have their own space, the house is spacious and we have put a lot of love into it."
