The Property

The Property is a semi-detached 17th century cottage full of character and original features, set in a generous plot of approximately 0.75 acres (STS). Offering versatile accommodation and a range of outbuildings, it combines period charm with flexible modern living.

Accommodation includes an entrance hall, snug with fire-place, spacious kitchen/diner, utility/bathroom, and a sitting room opening to the terrace and garden. Upstairs there are four bedrooms, including a principal bedroom with dressing area, together with a shower room. Two staircases provide access to additional bedrooms, one with exposed beams and an attic bedroom with sloping ceilings and Velux window.

Outside, the gardens are a real feature, enclosed by fencing and hedging, and laid mainly to lawn with mature trees, flower beds, vegetable garden, summer house, shed, and a large terrace. The property also benefits from ample off-road parking.

A one-bedroom annexe provides self-contained accommodation with a living space, kitchen, and shower room. In addition, there is a Shepherd's Hut with power and lighting, and a Studio currently used as an art space, complete with log burner and French doors to the garden.
