A large, black, cursive sign spelling "Alec's" is mounted on a light-colored wall above a doorway. To the left of the sign is a black lantern-style light fixture. To the right, there are windows with white frames and a green bush.Four people are standing in front of the restaurant entrance. From left to right: a man in a dark suit and tie, a woman in a black dress, a man in a white chef's coat and striped apron, and another man in a white chef's coat and striped apron. They are all smiling at the camera.

WESTON HOMES

Springfield Park, Maidstone

BUILT WITH
PASSION

delivered with pride

Weston Homes was formed in 1987 by Bob Weston, establishing what has now become one of the major property developers in the South East of England. Weston Homes has built a reputation for high quality design and build standards, delivered with a passionate desire to make a genuine difference to the lives of our customers and to leave a legacy of which we are justly proud.

Continually reassessing the marketplace, Weston Homes has combined the traditional skills of house-building with the ever-expanding opportunities created by new technology. The company has taken a revolutionary approach to property development - many of our properties' components are now pre-manufactured and tested in our own carefully controlled Weston-run factory, rather than on site. This enables the efficient fitting at a late stage of construction for fixtures such as kitchen worktops, wardrobes and bathroom vanity units, which incorporate bespoke basins, storage cabinets and associated plumbing. This minimises wasted materials whilst maximising the quality of your brand new home.

Weston Homes provides properties to exceed the expectations of purchasers both in terms of quality and value for money. Projects are hugely varied, ranging from select housing developments to large-scale city apartment complexes of many hundreds of homes. As well as new-build, the company has extensive experience of refurbishment and restoration work, breathing new life into historic and Listed buildings to give new purpose to Britain's architectural heritage.
