LOCATION

Hayton Manor Barn is situated between the villages of Stanford and Sellindge located at the foot of the Kent Downs. The village of Sellindge provides a primary school, a church, a pub and a village store. The property is approximately 9 miles to the east of Ashford which contains a full range of main facilities, and some 6 miles to the west of the coastal town of Folkestone. The M20 junction 11 is within a mile providing good road communications both locally and regionally.

Please see the Location Plan below which shows the location of the property in relation to the surrounding towns and villages.

DIRECTIONS

Heading towards Folkestone on the M20, take junction 11 exit and at the roundabout take the first exit onto the B2068 for 1.5 miles and then turn left onto Blindhouse Lane and follow for 0.8 mile and then turn left onto Hayton Road and follow for half a mile where the barn is on the left.

GENERAL DESCRIPTION

Planning permission has been granted for the conversion of a Grade II Listed Barn into two residential dwellings with associated parking and landscaping. This Grade II listed barn dates back to 1739 although there is evidence to suggest that some timbers pre-date this. The site was historically used for the housing of pigs with evidence of blockwork pig styes internally.

The existing listed barn will be fully restored and converted into one single storey, 3 bedroom dwelling. The cowshed will be reinstated and converted into a 2 bedroom dwelling. The 20th century barn to the north of the listed barn is to be demolished, with part of the land occupied by the barn to be made into external amenity space and parking for the two dwellings.
