THE BUNGALOW

The sale of The Bungalow affords an interesting opportunity to acquire a large traditional detached bungalow on a level plot, on the southern edge of a highly regarded Nottinghamshire village, offering enormous scope for improvement.

In its existing format The Bungalow was designed for two sisters to function independent of each other in the same building, whilst enjoying privacy and support.

In practice, the existing plan offers scope for a number of alternative layouts including a dependent relative's annex, or a self-contained office from home facility.

GONALSTON

A small highly regarded unspoilt village where there has been very limited residential development over recent times.

The Minster town of Southwell offers an extensive range of amenities and subject to meeting the entrance requirements, schooling of a high standard across the age ranges.

Newark on Trent, a larger market town to the east, offers a much more extensive range of amenities and professional services and from Newark Northgate station there is a fast direct rail link into London Kings Cross in a scheduled journey time of 80/90 minutes – or thereabouts.
