## The Property

This older style detached bungalow currently provides three bedroom accommodation and would benefit from general updating. It has three bedrooms, lounge, kitchen and bathroom together with conservatory room. The property has been re-roofed and most windows are uPVC double glazed.

For many, the main attraction will be the 1.2 acres of gardens that enjoy a sunny aspect at the top sloping down to a mature wooded area, bordered along one side by a private stream adjacent to the wonderful viaduct.

The property is approached over an unmade lane, which provides access to the neighbouring properties. Leading off the lane is a tarmac driveway which drops down along the front of the bungalow to the garaging and outbuildings. The gardens are laid mainly to lawn and incorporate a number of mature fruit trees, two single garages and a small workshop.

### Location

The property is located on the western side of the city within easy reach of the hospital and is approached over a long shared country lane. Due to its slightly elevated position, the property enjoys open views across surrounding countryside towards the woods in the distance. In many ways, the property offers the best of both worlds as it enjoys an attractive rural setting and yet it is no way isolated being only 2½ miles from the city centre.
